N.B.E.A.

The North Baltimore Education Association was organized in 1951 to improve the conditions of teaching functions, to promote, and encourage other organizations of teachers, such as F.T.A., and to cooperate with Parent-Teacher Associations and other civic bodies.

During the 1962-63 school year, the N.B.E.A. took a tour of the State Experimental Farm at Hoytville, and had a dinner for the new members. In October, they held a family night dinner at the park. They revised the constitution, and had speakers from the Ohio Education Association, who was a representative from the Department of Class-Room Teachers, and also speakers from the National Educational Association. There was a dinner at the close of the year and election of new officers.
