Computers In The School

A black and white photograph of a student with curly hair, seen from behind, sitting at a desk and using a computer. The student is wearing a light-colored shirt. The computer has a large monitor displaying a graphical interface with a small airplane icon. To the left of the student, there are bookshelves filled with books. The background is slightly blurred, showing a typical classroom setting.

This was the first year for North Baltimore School to have computers. It was a big step! The computer room was usually found full of students. During study halls many would rush to the computer room hoping to find just one computer free to use. Even lunch time found students who hurriedly ate so they could take their turn at the keyboard.

The computers symbolize a great future for North Baltimore Schools and hold promise for more learning ability.

The 1984 football season was disappointing but yet a good learning process for the younger players who are returning next year. The Tigers consisted of a young and somewhat inexperienced team. Many of the Tigers will be back next year putting out as much of an effort as they did this year. Although the Tigers never gave up, they fell short in nine of their ten games. Each person always gave 100% on and off the field. Coach Utz feels that next year's team will be much improved. The team will be much stronger in the upcoming years. The younger players gained much experience last year and that will help them. With the much needed experience and strength they will be much improved next year.

North Baltimore High School Spikers

Volleyball at N.B.H.S. took a disappointing turn this year. Although determined, the team was not always successful. The squad was led by six seniors: Lynn Parsons, Donna Kepling, Sherry McCartney, Bev Peters, Cindy Chapman and Amy Hemminger. With their continued efforts, Coach Nelson predicts a successful year next year for the returning players.

A Winning Season

The Tigers had a winning season with a record of 23-19. The team had a rough beginning but the highlight of the season, near the end, really brought them together. The highlight was when the team took third at the Lake Invitational which was good enough to win them a trophy. At this match there were ten teams, mostly double and triple A. During this match Tim Kepling shot a 77 which was good enough to win him third place. At the Lakeshore Conference Randy Bean showed his talent by placing fifth.

Mr. Gillespie felt the team had a season to remember especially since they beat 13 of 18 single A teams. Randy Bean made the first Lakeshore Conference team while Tim Kepling and Brit Williams made the second team.

Next year the team hopes to go very far since they will all be back together except for the only senior, Dawn Williams.

A New Sport For N.B.H.S.

This was the first year North Baltimore has ever had a cross country team. Because it was a new sport it took the team awhile to catch on but after a few meets the Tigers went on to beat teams that had more experience. Coach Hall was very pleased with their season and the willingness to work found in the participants. The entire team hopes to make the public aware of the new sport and what a success it could and will become. The team consisted of two girls and six guys. One of their main goals was to get more students interested. When Mike Straley was asked who he felt was the most improved he replied, "the whole team." In the future Coach Hall hopes to become conference champions. John Grant, the only senior, represented North Baltimore in Districts at Lima, Ohio. Overall the team had a season to remember.

Boys' Varsity Basketball

The Tiger basketball team did unexpectedly well this year. The Tigers ended the season with a respectable record of 12-11. The Tigers were also Sectional Champs, achieving this by defeating Riverdale in double overtime. The team beat Cory Rawson in the first game 64-61. The Tigers were beaten out of district play by Fostoria St. Wendelin. The Tigers started the season slow, winning only one of their first four games. In the games that were lost, it was plain to see that turnovers were the cause. After the Tigers cut down on the number of turnovers, they started winning more games. The Tigers will only have three returning lettermen next year, but they should do well. The varsity team consisted of: Aaron Bowers, Rydell Clere, Mike Dewulf, Lee McCartney, Scott Cotterman, Steve Dillingham, Jeff Baney, Greg Mills, Mike Straley, Chad Clayton, Doug Ebersole, and Mike Johnson.

Boys' JV Basketball

This year's junior varsity team was impressive with a 10 and 10 record. Coach Hanson was very satisfied with the record saying "the team had a lack of experience with three freshman as starters, but still finished the season quite well."
