

Girls' Varsity Basketball

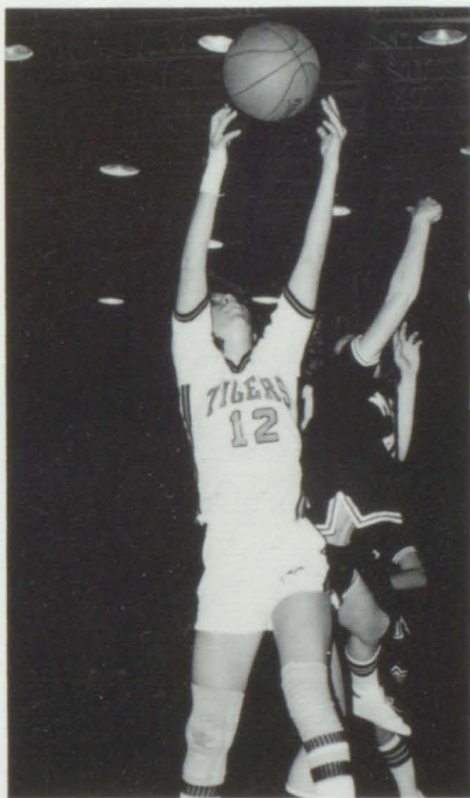

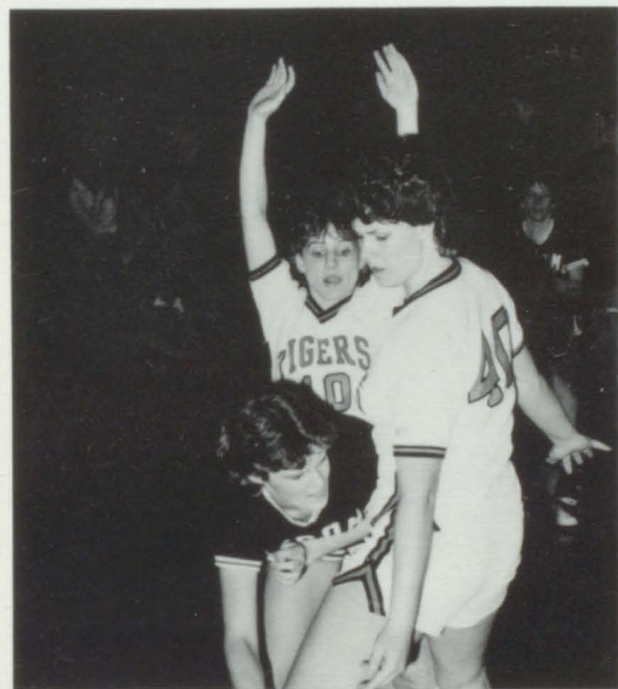

Top Left-Right — Manager, Lyn Ducat, Donna Kepling, Sara Patterson, Shelly Allison and their coach Ted Dennis. **Middle** — Manager, Nicki Wymer, Cindy Chapman, Lori Sheppard, Amy Hemminger and Bev Peters. **Bottom** — Becky Leonard, Sherri McCartney, Susan Bowers, and Dana Laws.

The girls varsity ball players had another trying season. With only three returning seniors, there was a lack of varsity experience. However, this year their record was 6-16 which was better than last year. Their record however doesn't show all of their hard work and determination the girls put into the game of basketball. Hopefully next year we will all see a turn in basketball. It all depends on the amount of hard work the girls put into it and the ability to "try, try again" and never give up.

Opposite page middle: Sara Patterson shoots, trying for two points. **Bottom left to right:** The team captains Cindy Chapman, Bev Peters and Amy Hemminger. **Top left:** Becky Leonard scrambles for the ball. **Top center:** Susan Bowlers tries to block Sara's shot in warm ups. **Middle left:** Cindy Chapman is introduced to Seneca East's captains. **Middle right:** A display of the Tiger defense. **Bottom left:** Amy Hemminger and Sara Patterson make an effective trap. **Bottom middle:** Shelly Allison rips down a rebound. **Bottom right:** Sara Patterson shoots while Bev Peters anticipates the basket.

Girls' JV Basketball

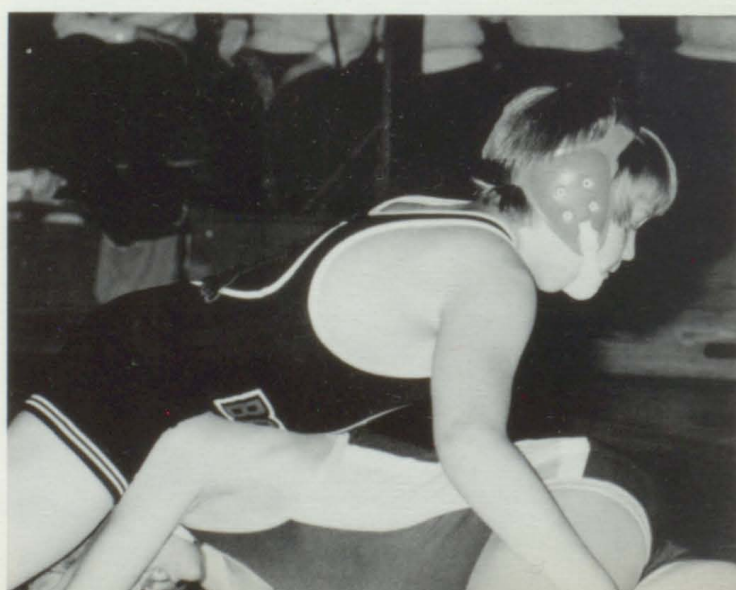

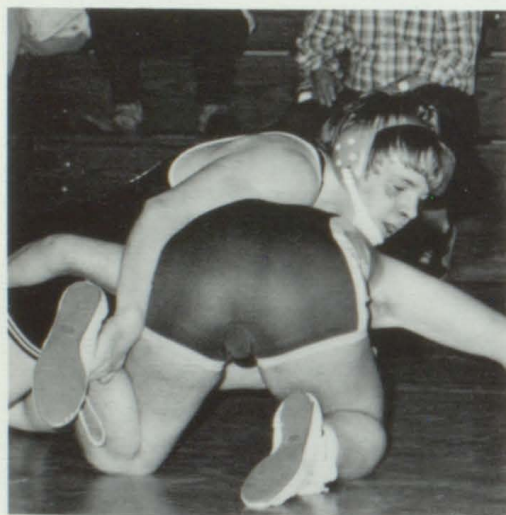

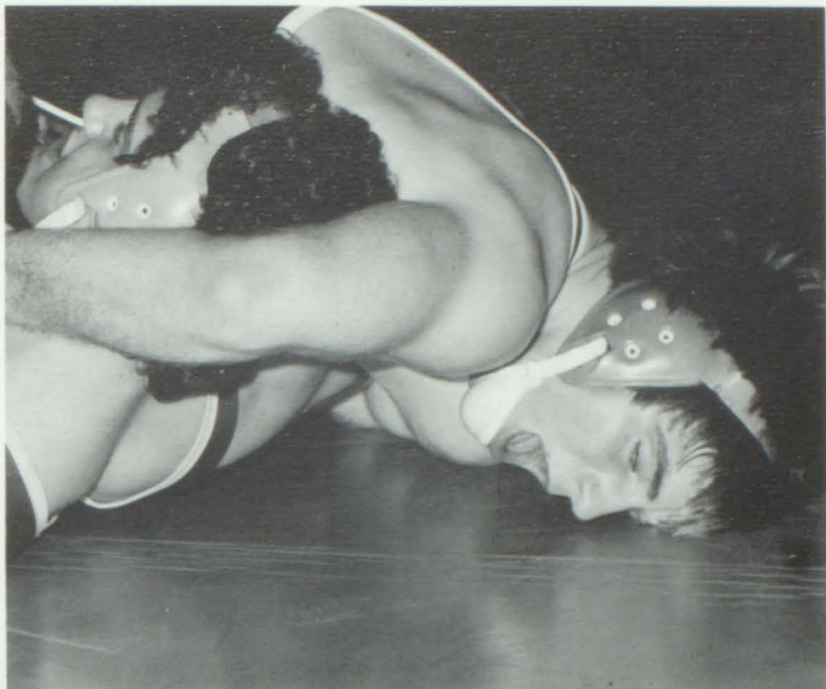

Varsity Wrestling

The 1984 wrestling season was a trying one. The Tiger wrestlers rarely had a full squad to wrestle on the day of a match. Many times there were problems with team members being over weight. Although there were difficulties in getting a full squad ready, there were always some ready to go out and give it their all. The Tiger wrestlers were led by the most valuable wrestler John Straley; John also had the most pins for the team. The Tiger captains also did well this year. They helped the team in many ways. Denny Stemen and Harry Brumbaugh gave the younger wrestlers tips that usually were helpful. The Tigers will have six returning lettermen to help them out next year. They are: Mike Paul, Ed Shultz, Dave Simon, Ben Gerdeman, Rich Rose and Randy Shamp. Next year the Tiger wrestlers will be ready to give it their all to try to go as far as they can, hopefully even to Columbus.

PAGE 62 Top Left: Chris Gerdeman pinned his opponent. **Middle Left:** Rich Rose gains control. **Middle:** Dave Simon gets ready to try for a take-down. **Middle Right:** Ed Shultz gets in a bad position. **Bottom Left:** Coach Johnston yells out instructions. **Bottom Right:** Kevin Bowers looks for a win. **PAGE 63 Top Left:** Randy Symonds is breaking down his opponent. **Top Right:** John Straley gets one of his many pins. **Top Left:** Randy Shamp gets ready to wrestle. **Middle Right:** Harry Brumbaugh gets his opponent over for the pin. **Bottom Left:** Mike Paul looks over his opponent. **Bottom Right:** Ed Shultz brings his opposition to the mat. **Bottom:** Denny Steman in control.

NBHS Spirit Leaders

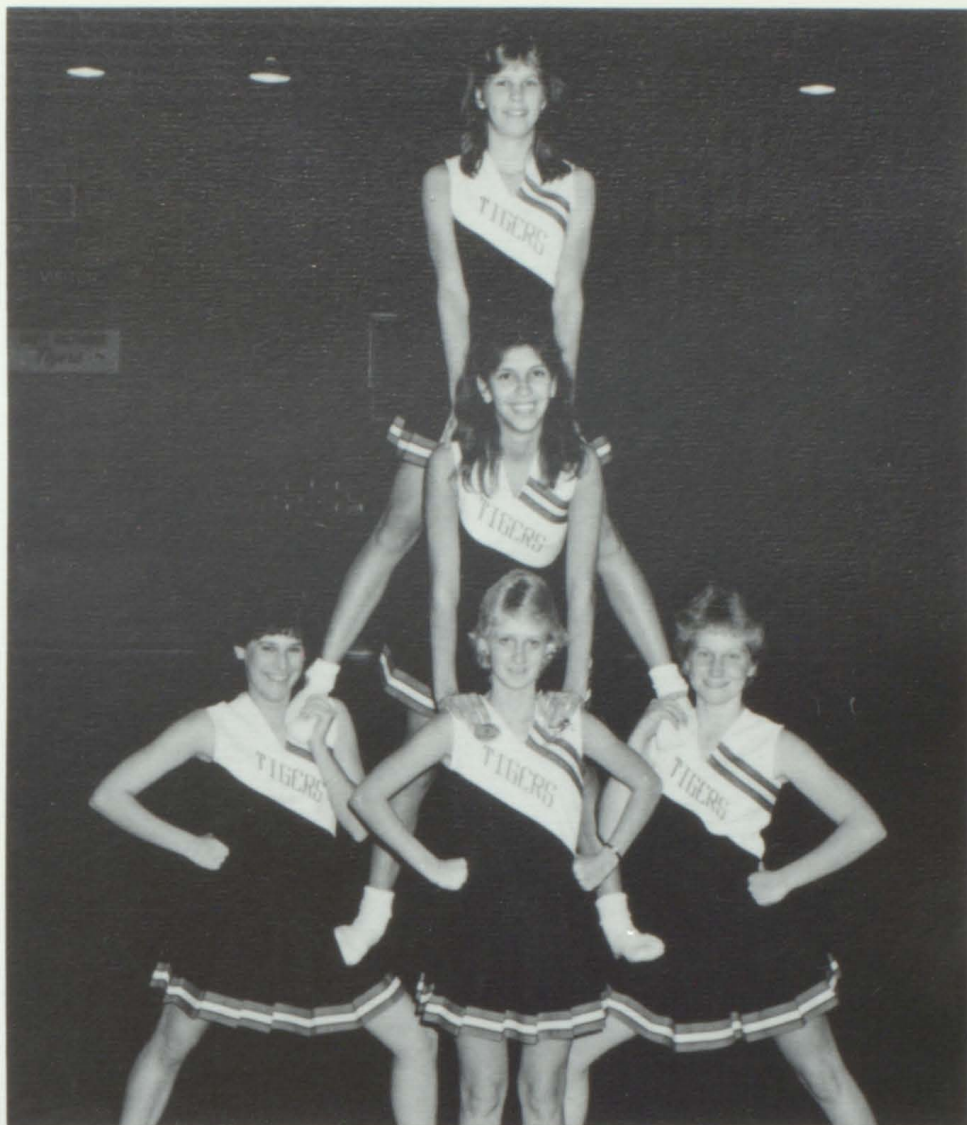

Left side: Lyn Parsons. **Middle top to bottom:** Amy Hemminger, Cindy Chapman, Bev Peters, Rhonda Cameron. **Right side:** Shelly Allison.

Top right: The cheerleaders entertain the crowd with a skit at a pep rally. **Above middle:** Cindy Chapman, Amy Hemminger, Bev Peters and Shelly Allison perform their good luck cheer for the ball players. **Middle:** Cindy Chapman cheers at a cold football game. **Bottom:** The cheerleaders demonstrate their most popular mount.

This year the varsity and junior varsity cheerleaders did something no other squad from North Baltimore has ever done by attending two cheerleading competitions. The first was held at Miami University in Oxford, Ohio. Here the girls competed against triple A schools. Since it was their first experience, they found their faults and improved their routines to lead to the last and most rewarding competition. This was held at Lakota High School where the cheerleaders won first place. They also received first place in the chant competition. This year the girls strived for perfection in their cheers, chants and dance routines. All of their efforts were highly appreciated by the team, the school and the crowd. The girls spent many hours working on signs to get the crowd psyched for the games. Everyone appreciated their pep and agility. We hope to see an outstanding squad next year.

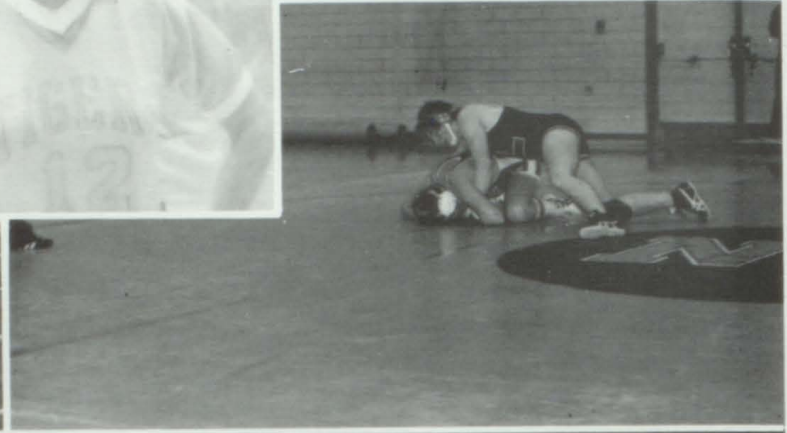

Team picture — left side: DeAnn Heinze. Top to bottom: Lisa Allison, Laura Hall, Kelly Smith. Right side: Ann Rister. Not pictured is Kim Weaver.

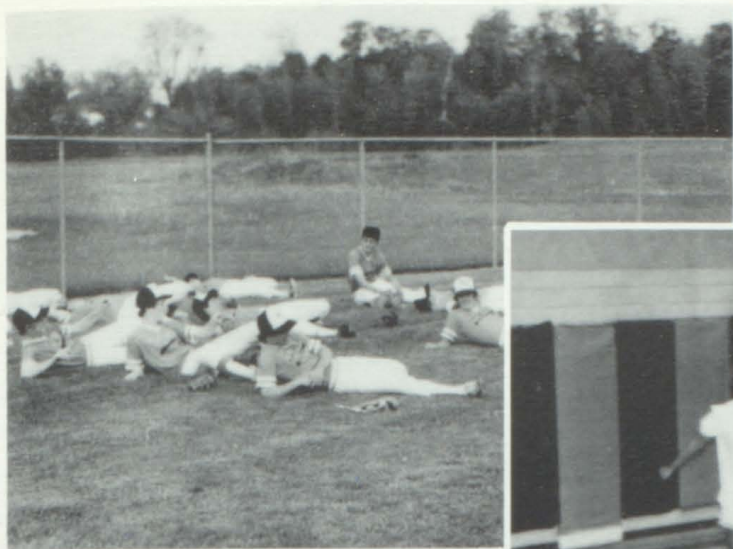

Middle left: Laura Hall, Lisa Allison and Kim Weaver are shown cheering during an after-school game. **Bottom left:** Kim Weaver and Kelly Smith perform the difficult star mount. **Middle right:** The cheerleaders entertain the crowd with their routine to "Beat It". **Bottom right:** DeAnn Heinze and Ann Rister get the cheer started to arouse the crowd.

The Sporting Life

Boys Track

Top left: Jeff Baney clears the bar. Top right: Ed Shultz smiles as he sees the finish line. Middle left: The relay team poses for the camera. Middle right: Steve Dillingham throws the shot put. Bottom left: Russ Simmons stretches for distance in the long jump event. Below: Greg Atkins get ready to throw. Bottom Middle: Doug Francisco runs down the lane for the long jump.

The boys track team sent two team members to Columbus for state competition. Greg Mills ran and Steve Dillingham threw the discus. Steve finished fifth in his event, while Greg gave his best, but didn't place. The rest of the team did well in their meets. Many school records were broken this year by different members of the team. The Tigers will have another good team next year and should go far.

Top left: Ben Gerdeman gets ready for his landing. Top Middle: Tom Hillard long jumps. Middle left: Jeff Baney and Kasey Rensch show their speed in the sprints. Middle right: Anthony Hanenkraft crouches in the starting position. Middle left: Rich Rose throws the discus. Bottom left: Dan Gerdeman races over the hurdles. Bottom right: Some team members gather between races.

Girls Track

This year the girls' track team was very inexperienced. With only one senior, Amy Hemminger, the girls mostly spent the season gaining experience and learning techniques. Next year should be a good track season for the girls now that everyone knows how to run their race and what to expect. Hopefully next year the Tiger boys and girls will be able to host home track meets on their new track at the Powell school.

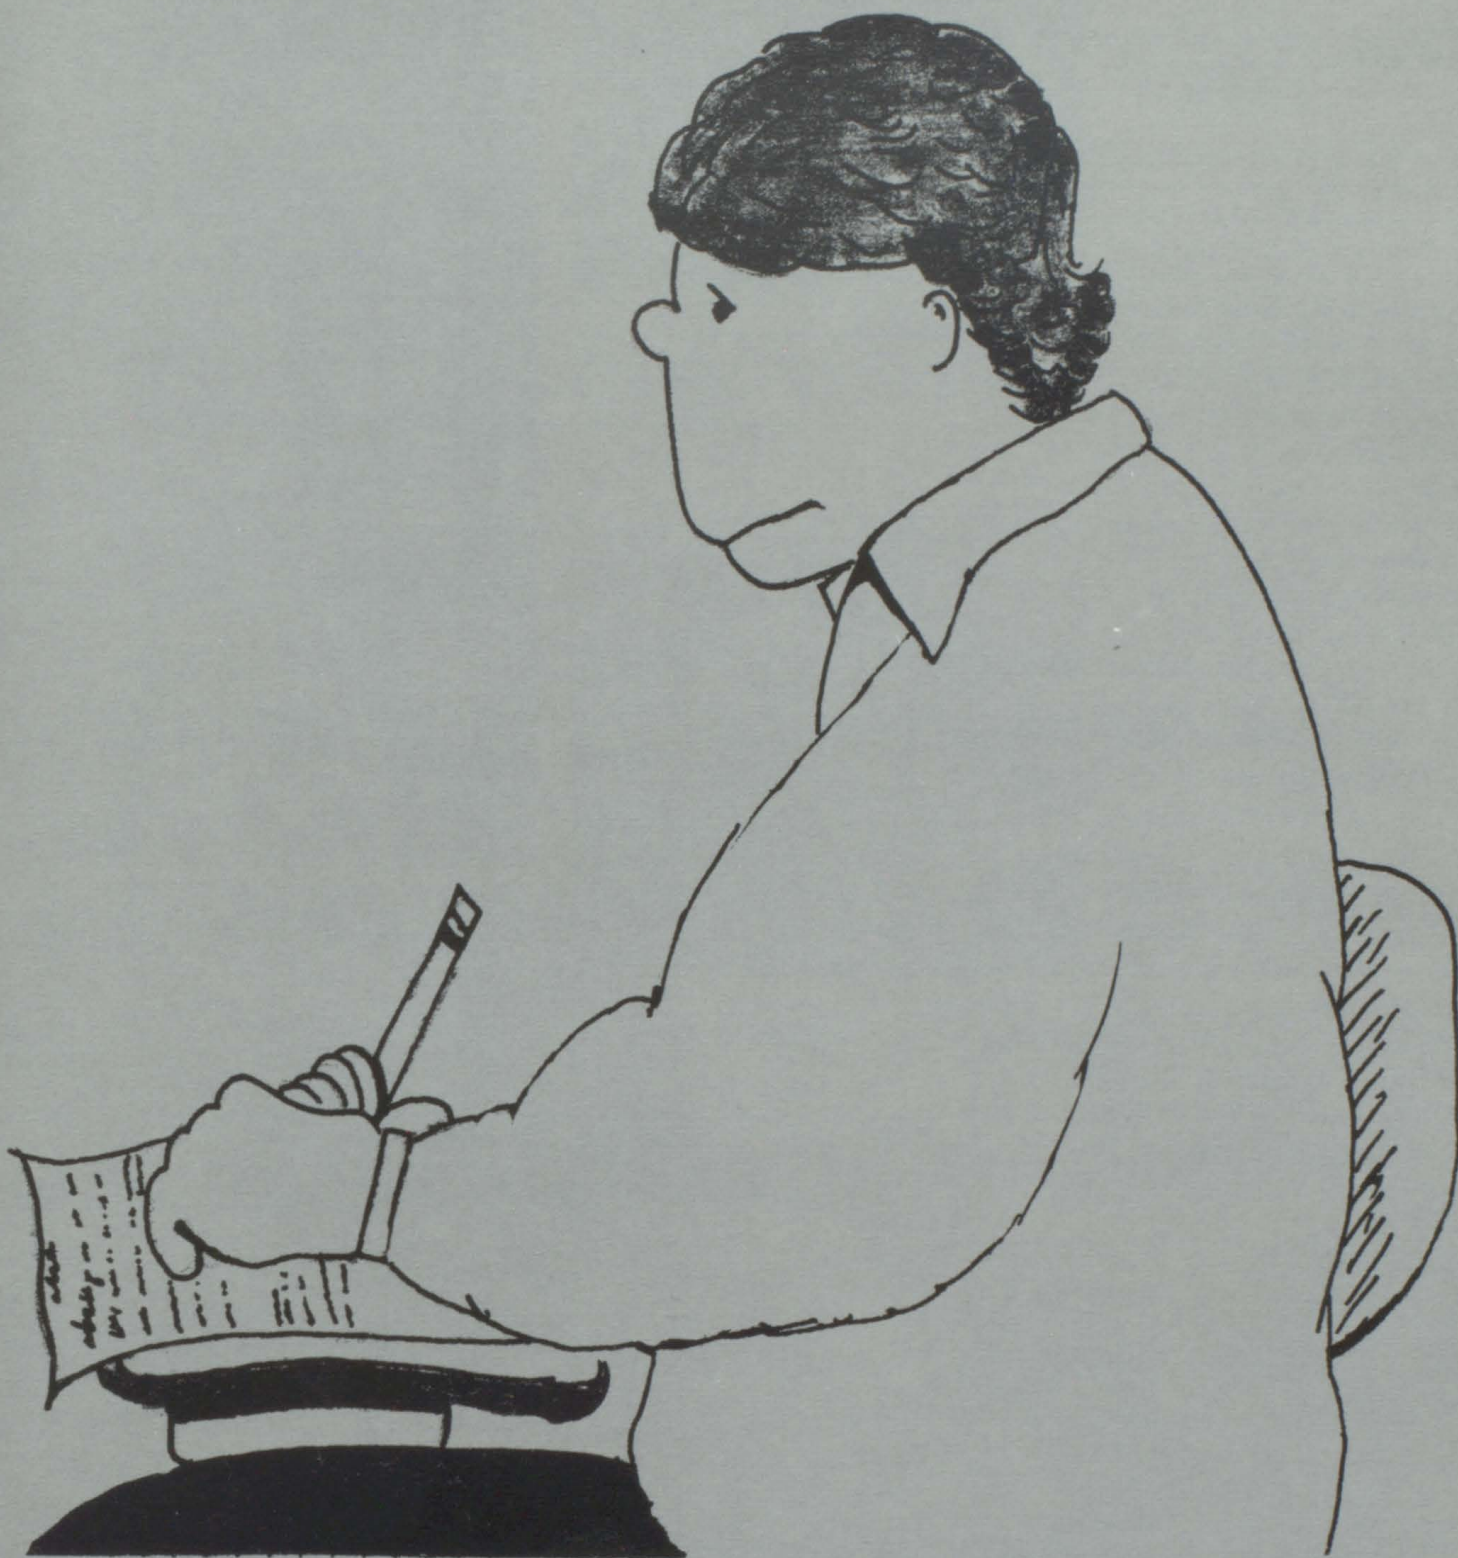

Opposite page top right: Amy Hemminger runs the 100m hurdles. Middle left: Ann Rister takes her practice jump at Maumee Valley. Middle right: Mr. Thompson checks to see if the girls are stretched and ready to run. Left: Erica Bower and Lisa Allison do hurdler stretches while awaiting their race. Bottom right: Lori Sheppard runs the 100m dash. Above left: Laura Hall concentrates on the two mile relay. Above right: DeAnn Heinze looks determined as she runs the 100m dash. Middle right: Tina Wise warms up to throw the shot. Middle left: Melissa Swope is shown throwing the discus. Bottom right: Tonya Brim runs the second leg of the two mile relay. Bottom left: Susie Stimmel runs the 100m hurdles.

TEACHER

Business Students . . . Preparing For Big Business

A new addition at NBHS was the installation of eight computer terminals. Though this course is not yet offered for credits, it will eventually be a required course.

Under the supervision of Mr. Williamson, the students learned how to operate the computers correctly and learned the basic language of the computer.

Many students enjoyed and profitted from their experience on the computers.

John Shamp takes advantage of some free time and plays a computer game.

Above. Mr. McClure takes time out of his busy schedule to pose for the camera.

Above. The consumer economics students wait for class to begin. Below. Mr. Hemminger looks up from his work to make sure that no one is looking at their keyboard.

The business classes at NBHS teach the students the skills they will need to know when they get into the business world. They also teach the consumers what they need to know about the way the business world works.

Mr. Hemminger teaches the shorthand, Typing I & II, and accounting.

Mr. McClure teaches general business, business law, consumer economics, and record keeping.

Below. The students of this Typing I class are working diligently. Mr. Hemminger should be proud, no one is looking at their keyboard. Good work guys!

The Scientific Approach

The science program at N.B.H.S. is challenging and provides the students involved with a valuable learning experience. Physical science, chemistry, and physics, all require lots of dedication, pride, desire, perseverance, and determination. Mr. Bame teaches these three courses, and in doing so, he also manages to equip his students with study habits necessary for success in any course in college. He believes in having a little fun while also learning to be thorough, precise, and accurate in lab experiments.

Mr. Utz teaches Biology I and II and earth science. These classes give a student a good background in the study of the earth, and the life sciences.

General science taught by Mr. Williamson, is also life science. This is a basic course for those students who do not intend to pursue a career in the sciences.

Top Left: Mr. Bame concentrates on giving an informative lecture. **Middle Left:** Mr. Utz appears to be caught by surprise. **Right:** David Bowers works on a physics lab experiment. **Middle:** Cindy Chapman is showing her reaction to either the physics lab or to having her picture taken. **Bottom Right:** Mr. Williamson goes over the details. **Bottom Left:** Amy Hemminger and Elaine Hall prove the theory behind the Herd's Engine in physics.
