# Winning

We all understand winning. We've built a great nation around the individual will to win. To get ahead and stay ahead. At work or play, we all compete. We want to win.

Whirlpool Corporation is no different. We compete to win. But a company's will to win is no stronger than the collective spirit of individuals... the results produced no better than combined individual effort. Our will must be strong enough...our results good enough... to compete with the best. We believe they are.

Together we will continue to make and sell appliances second to none in quality and value. Because we want to win. Because winners get to keep competing... and losers don't.

## In Memoriam

The senior class of 1985 dedicates this volume of the Tiger to the memory of classmate Darin Richard Chafin who died February 19, 1985.

## In Appreciation

The Tiger yearbook staff thanks the following people for their cooperation this year: Barb Garay and Delores Bucher, who helped us keep track of money, mail, and messages; administration, faculty, and students who were patient when we needed to take pictures; advertisers, who are responsible for most of the book's funding; parent patrons for their contributions; Woodard photographers, especially Jim Kuhn, who supplied us with many good pictures; and Jon Winteregg of Herff Jones. A special thanks goes to Cyndi Schwab who helped eighth period each day to lay out much of the book.
