Treasured Memories

By Vanessa West

The 1989 yearbook staff chose the theme "Treasured Memories" for a variety of reasons.

For one thing, for most people high school (especially the senior year) is a memorable time in life. Teachers, special events close friends,

and even midterms, tests, and grade cards are truly unforgettable.

Probably the most vivid memories one has of high school, however, revolve around times shared with friends — friends who have always been there.

Bibler Announces Retirement

By Tonya Evans

After 21 years as an employee of North Baltimore Schools, Guidance Counselor Bill Bibler is ready to retire.

Mr. Bibler indicates he has enjoyed working with N.B. students.

"In smaller schools it is much easier to know all the students and their concerns," he says. "Overall, N.B. students are friendly, courteous, and willing to work to gain an education (although some could do better)," he adds.

Mr. Bibler prepared for a career in education by earning a B.S. degree at Findlay College in 1958. Ten years later he attended Bowling Green State University where he received a Master's Degree in Guidance and Counseling.

Mr. Bibler previously taught for 7 years at Gorcham-Fayette High School in Fayette, Ohio. He also taught for 3 years at Waldron High School in Waldron, Michigan. He taught classes in Government, American History, Accounting, World History, Business Law, Health, and Phys. Ed.

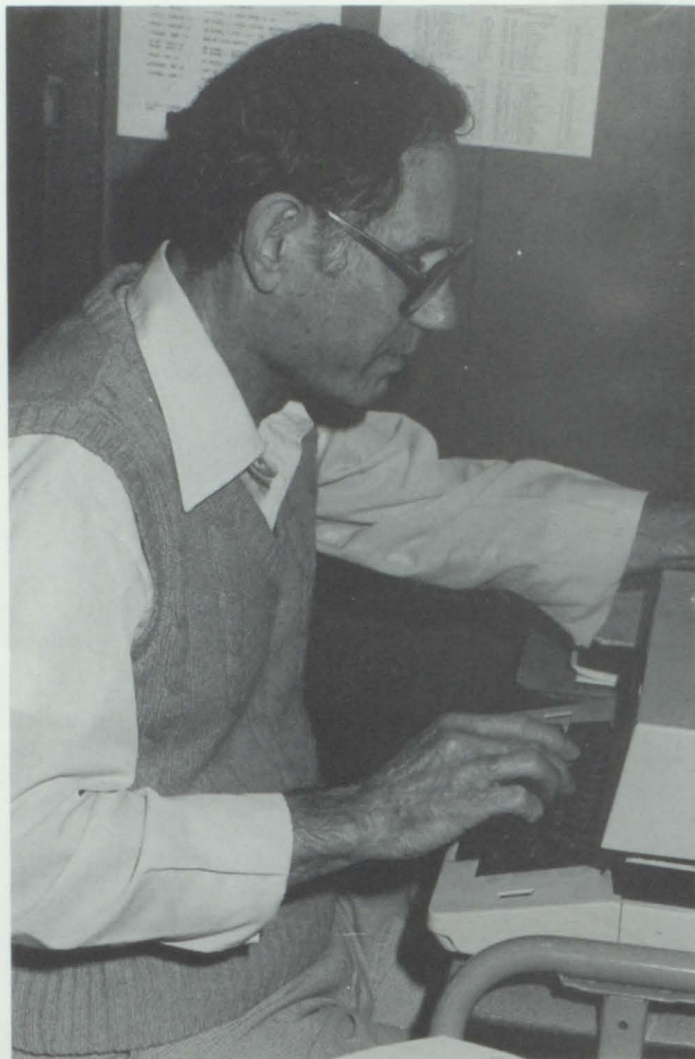

As a Guidance Counselor, Bill Bibler has performed many important jobs, such as collecting data about each student, providing group or individual counseling services, and helping students select colleges.

When asked if the students have changed over the years, Mr. Bibler comments that, "Students haven't changed very much

over the years as much as the times have changed. I have found that most students want to do well in school and be accepted by their peers and teachers." He also says, "With the lack of a stable home life and good parental supervision, I feel there are more students who are unhappy and not working up to their potential."

Mr. Bibler is married to Marge Bibler, board office secretary. Their daughter Tami graduated from N.B. in 1979. She married Don Thomas and gave Mr. Bibler three granddaughters. Brad, their son, graduated from N.B. in 1981. He attended BGSU and graduated in 1985. He is now attending the University of Cincinnati Medical School and will graduate from there in 1989.

The Tiger staff of '89 thanks you Mr. Bibler and wishes you the very best.

Teachers Are Important Too!

By Kelli Roberts

Sports, friends, extra-curricular activities, work, and boy/girl friends are some important things in students' lives right now. Shouldn't teachers be put on this list? They are important too!

Teachers are here because they want to be, not because they have to be. They enjoy their jobs and have a feeling of self-satisfaction.

Mr. Lang says, "I enjoy working with kids." He also stated that "history is

Mrs. Mason likes to see her students improve from the beginning of the year to the end of the year.

Mrs. Lee gets a laugh when her students go home and tell their parents that they (parents) don't know anything. Often they tell parents, "But Mrs. Lee says to do it this way."

Teachers are not only teachers. They are our friends. They are people who care enough about us and our problems to take the time to help. They listen to us and give unbi-

ased opinions.

Teachers do not get enough credit for the jobs they do. They help us to prepare our lives for the future. They offer support and are understanding. Some teachers are the reason many students go to college.

Students always say, "Why do I have to do this? When will I ever use it in my life?" Then later they realize their teachers were right and appreciate them for it.

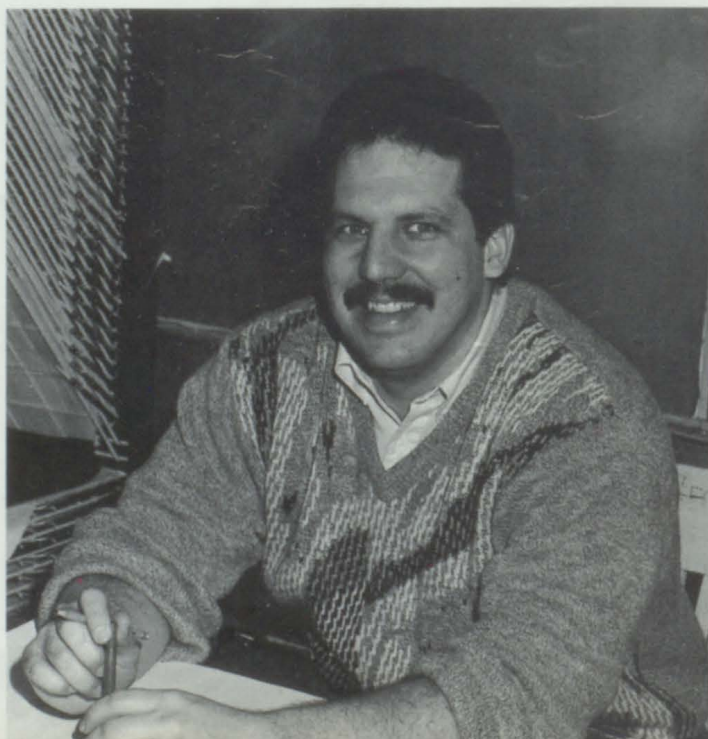

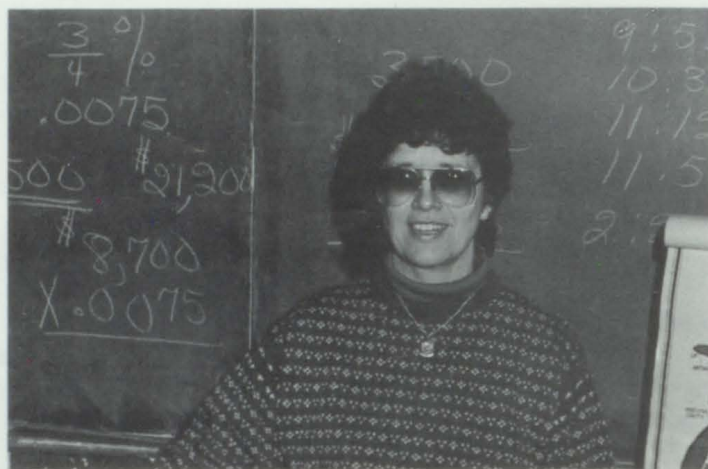

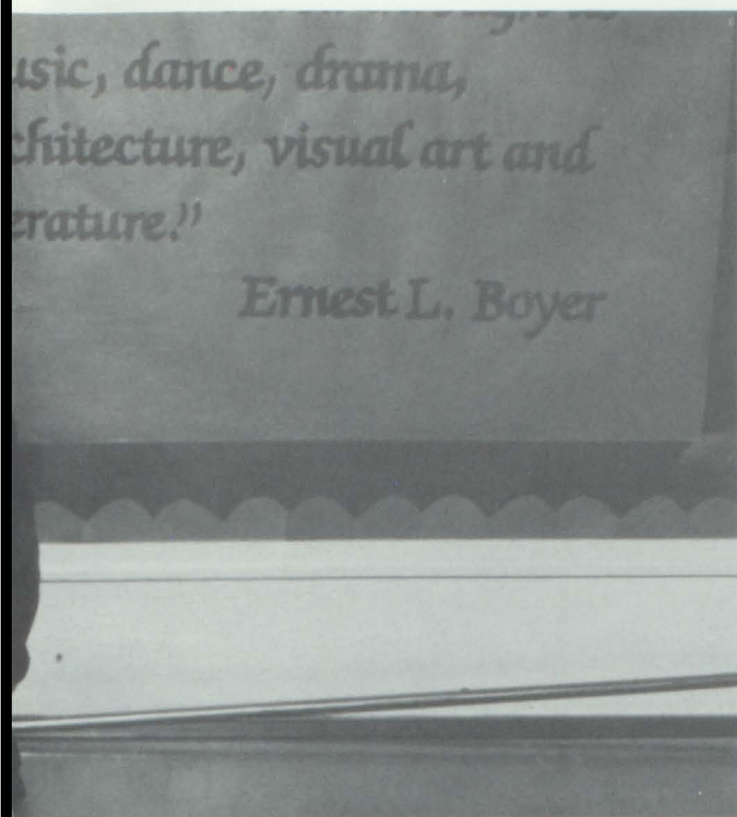

Donald Lang, Otterbein College, History, Government, English minor, Civics, World History, World Affairs, American History, and Government.

Carol Reed, Findlay College, Ohio University, Ohio State University, Math, Geography, Consumer, General, 8th grade Math, Senior Class Advisor.

Middle School Faculty

Michael Lyon, B.S. in Mathematics, M.Ed +20 hours in Guidance And Counseling, B.G.S.U., 7th and 8th Math, Intramurals; Below- Fran Weith, B.A. in English And Speech, M.A. +30 Hours- Theatre, B.A. Findlay College, M.A. B.G.S.U., 30 Hours-Ohio Wesleyan, B.G.S.U., T.V., English 7th, 8th, Junior Advisor, Drama Club; Pat Zimmerman, B.A. in Health And Physical Ed. Kent State, B.G.S.U., Toledo University, LD Tutor; Thomas W. Shafer, B.S. in Education B.G.S.U., 7th grade, Ohio History, Geography, Head Football Coach.

Middle School Challenge

Teachers of middle school students are a rare breed. They work with kids who are at a very in-between (and sometimes awkward) stage.

Middle schoolers are no longer young enough for story hour, nor are they mature enough to discuss the mysteries of the universe in forty-two minutes. They don't get recess or potty breaks anymore, yet they are so full of energy they find a class period sheer torture.

The teachers on this page teach middle school because they are good at it. They care about their students.

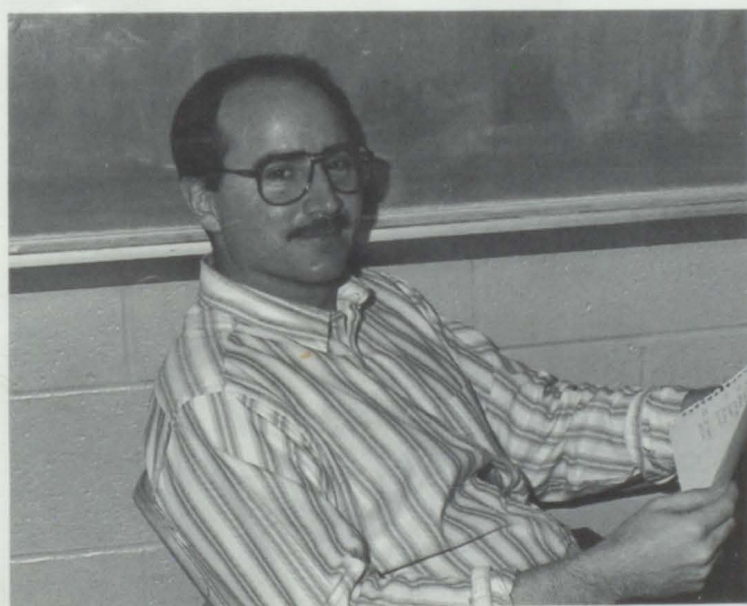

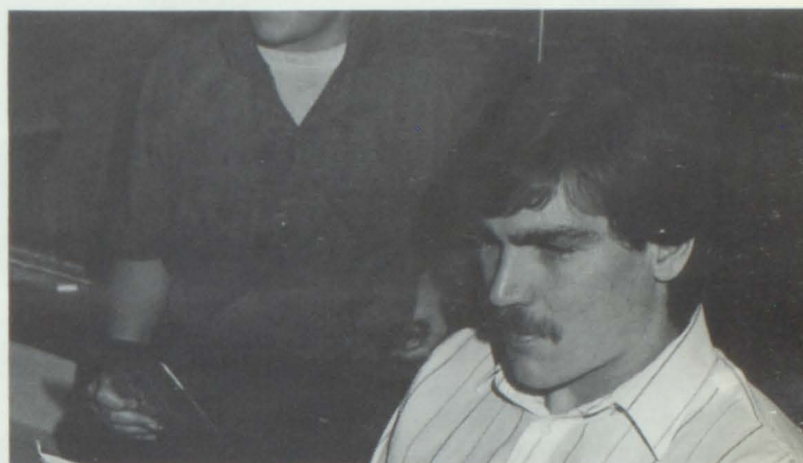

Far left: Jan Juergens Ellsworth, B.A., History, French, Psychology, M.S., Curriculum/Instruction, University Of Wisconsin, 7th & 8th grade reading, college reading.

Left: Sheree Walpole, B.A. in Education, B.G.S.U., 6th, Student Council, Adv.

Middle: Bettina Strow, B.A. in Special Education, B.G.S.U., 6th-10th English, Reading.
