Coach Mark Hollenbaugh was very happy with the way that the Middle School Tigers played.

Coach Jon Eichar stated that he thought that the team "played very well", and that "they improved from last year".

VARSITY VOLLEYBALL

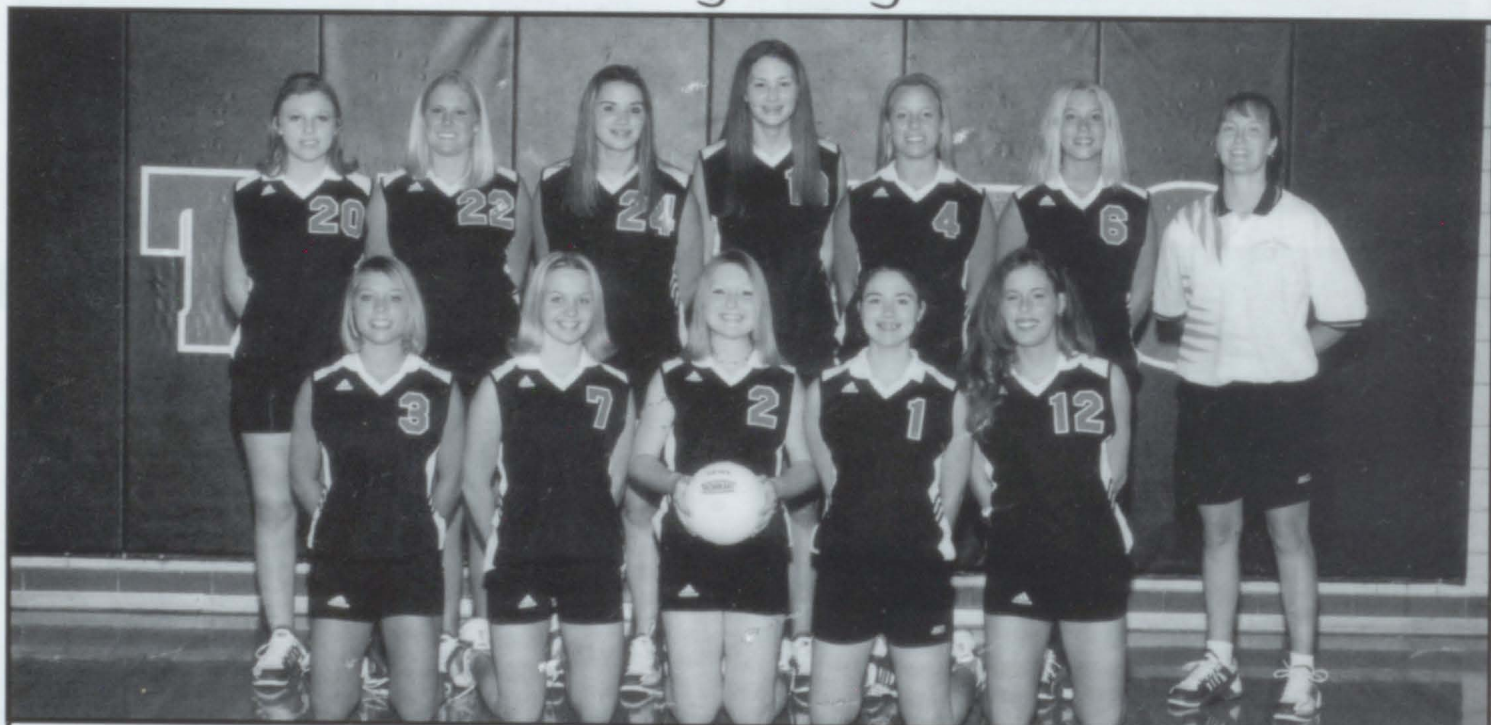

The Varsity volleyball team had a great year. As Nikki Baney's first year coaching, she was a bit concerned about how the season would go. The team started off with a bad streak, four consecutive losses. They soon recovered themselves and grew to great potentials.

The team became 4 in 6 in the league, landing a spot in Division 4. Nikki Baney was happy to announce that the Lady Tigers were great competitors and gave great performances.

What do you remember most about volleyball this year?

Autumn Smith

"I would always call 'heads' and we'd never win the coin toss. I had a superstition of eating at McDonalds before every game. Serves up- 'A Bomb'."

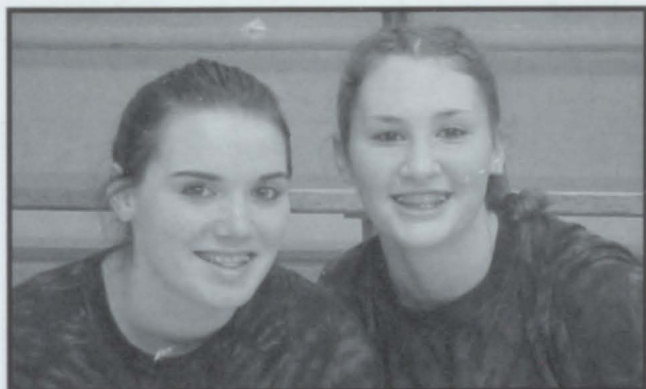

Lauren King

"I never got lucky calling 'tails'. Advice to the underclassmen- No Cell Phones!, and carry on the ace wrap!"

TIGER GOLF

This year the golf team had an up and down season. They played well towards the end and finished well in league tournaments and sectionals. Overall, it was a really good season.

Mark Isenberg and Tyler Tatham improved the most, by improving their all around game and lowering their averages from last year.

In sectionals during the last tournament, there were 14 teams, and the team ended up taking 5th place. Everyone did well and had a strong finish, but missed districts by 5 strokes.

Coach Matt Benedict had a good time coaching this season. He enjoyed coaching his brother and his cousin and hopes that everyone will come back again next year.

Nick Benedict, hopes to get the ball close to the hole as he practices his stroke at the Tiger Invitational.

VANESSA GAZAREK

"I think the season went pretty well. I play volleyball too so I couldn't always be at the golf meets. For a first year golfer, I think I did pretty well, considering the best I shot was a 50!"

TYLER KRASSOW

"We had a good season, but we could have done better. We lost a lot of matches by 2 or 3 strokes and we missed going to districts by 5 strokes. We will do better next year."

LUKE WYMER

"The season was fun, I had fun being with the team. It was just fun!"

★ VARSITY ★ CROSS ★ COUNTRY ★

This season all Cross Country Teams did very well. We had some exciting talented runners this year, and with great coaches everyone could run their best. The Girls ran their hardest but did not make it past Districts. The Boys also ran hard and placed 7th at Districts, with the first 16 runners and the top 4 teams advancing to Regionals.

Even though neither team placed high enough to move on, a few good runners placed high enough individually to make it to Regionals.

Maddie Clark, who placed 7th, was the only girl from NB to go to Regionals. Along with William Kyttle who placed 12th and Jeremy Schmidt who placed 7th. At Regionals Maddie Clark placed 32nd, Jeremy Schmidt placed 25th, and William Kyttle placed 23rd with only the top 20 runners advancing to State. Everyone ended the season well and they should be proud of themselves and their teams.

MS CROSS COUNTRY

Six middle school cross country runners make their way to the finish line, running a mere two mile race. They ran through wood chips, mud puddles, over bails of hay and tree roots. Through it all, these six kids finished the season. Most of the cross country runners stated that it was incredible finishing a race with a personal record or achieving their goal. These students are strong-willed for participating in cross country, which involves both physical and mental abilities.

The Jr. High Coach Tim Troutner said, "The 2003 Cross Country season went by quickly." He also said, "The Junior High Cross Country course is 2 miles long, often winding through woods, around ponds, and over grassy fields. A race usually takes between 12 and 20 minutes to complete, and the runners work on improving their time with every race they compete in. The Tigers Jr. High Cross Country runners consistently improved their times achieving personal records for the season, and many setting new lifetime best." In his conclusion he stated that the tigers placed 3rd overall, "an outstanding performance" he complemented. He also said "next season looks to be equally promising, with several experienced runners returning, and the new ones joining the team."

VARSITY BOYS BASKETBALL

Coach Simon was happy with the overall season. The boys were picked to finish between 9th and 10th and they finished 2nd in the league. Everyone improved throughout the season as a team. They started the year 1 and 6, then won 11 games. The team played for the league championship against Tiffin Calvert where they made only 7 out of the 19 shots from the foul line costing them the game and the league title. The 6 returning lettermen are expected to improve for next year's season. Coach Simon will have them practice their foul shots.

The Lady Tigers ended 7th in the league with a 4-6 record in the M.A.L. and a 10-13 record overall. They were fourth in the league in team offense, sixth in team rebounding, and eighth in team defense as well as having two girls who were voted in the M.A.L. selections. Beth Wheeler took Honorable Mention, and Carly Flowers took 1st Team All Conference.

Carly also captured an All-District award as well as an All-State-Honorable Mention award. Carly is also noted as the only person in the history of North Baltimore High School to achieve being voted into All-State selections in dual sports in one season. She was also named All-State-Honorable Mention during the softball season as well.

The Lady Tigers are going to lose three Seniors who played a definite role on the outcome of the season, and they will surely be missed by the team and school together.

Wrestling is a sport in which requires a considerable amount of strength in body and mind, courage and confidence. During a match, a wrestler has to figure out a way to pin his opponent while avoiding penalties. Taking into consideration the amount of pressure wrestlers are under to win, and the pressure from the opponent, they are strong in courage and confidence. The accomplishments and goals of North Baltimore High School Wrestlers are never ending.

During the season, Justin Carver took first at the MAL'S and both Bubba Kirchner and Eric Phillips took second. Eric Phillips, Justin Carver, Bubba Kirchner and Derek Ishmael competed at districts.

A black and white photograph of a wrestling team. There are 18 people in total. In the back row, there are 16 male wrestlers standing in two lines of eight. They are all wearing dark singlets and shorts. On the far left of the back row is a man, presumably the coach, wearing a light-colored polo shirt and dark pants. In the front row, two female managers are kneeling. They are wearing sweatshirts; the one on the right has "TIGER WRESTLING" printed on it. The background is a brick wall with several posters. One poster on the left says "Attitude" and "Say you say". A poster on the right says "MISS 100% OF THE" and "TS".

Front Row: Wrestlerettes Sarah Phillips and Rachael Mauk.
