VARSITY SOFTBALL

Submitted by: Head Coach Doug Ebright

This season we led the M.A.L. in team offense, as I thought we would when the season first began. We also had three players bat well over .400 and had a freshmen who led the league in RBI's. Our pitching and defense really hurt us this year, as we lost 5 games by 1 run, 1 game by 2 runs, and 2 games by 3 runs. I think more girls should get on a travel team or play summer ball to get better because we are so close to getting to the top. I think a necessity is to have a Junior Varsity team which will get more players involved and much more playing time. We ended with a 4-6 record in the M.A.L. and overall we ended 11-14. I look for a lot of good things next season.

VARSITY TRACK

This Track season was a great year. Although there were only 8 girls and 8 boys, each player on the team was extremely dedicated, and everyone improved their own times.

Hopefully, many of the players will be returning next season, including some new players. The coaches were Shelly Hillard, Bradlee Rowilson and Brandon Carver.

The team went to MALs this year and placed 8th out of 12 teams. Adam Emahiser received 8th place in 300 meter hurdles, and Tyler Simon recieved third in high jump and advanced to districts then regionals.

The players who earned their Varsity letters this year were Josh Fleckner, Tyler Simon, William Kyttle, Derek Ishmael, Justin Carver, Adam Emahiser, James Zeigler, Michael Ishmael, Audra Rensch, Rachael Mauk, Sarah Phillips, Maddie Clark, Sara Glamm, Sabrina Snyder, and Cassie Deerwester.

Matt Woodruff and John Zeigler sprint their hearts out to take the relay.

How do you feel the track season went?

"I think it went great. I had 9 girls that gave everything they got.

Hardest working team I ever coached, didn't wine or complain and they got along with each other very well. I can't say anything negative, they were good girls. I would like to see more people come out for track. We didn't win a lot of our meets, but they set and broke a lot of personal records."

VARSITY CHEERLEADING

Submitted by: Kristin Hagemyer

We had a wonderful season this year. We went to cheerleading camp in the summer for the first time. There, we got a lot of new materials and improved greatly. Also we were in a cheerleading competition at the University of Findlay. A lot of other schools were there competing and we ended up ranking 6.

I'm really proud of this year's girls. They did a fantastic job, and they always tried their best. They gave 100% of what they were asked to do. I wish them the best of luck for the upcoming years.

PRESSURE

Underinflation is the leading cause of tire failure. It results in unnecessary tire stress, irregular wear, loss of control and accidents. A tire can lose up to half of its air pressure and not appear to be flat! Check it monthly and before long trips.

ALIGNMENT

A bad jolt from hitting a curb or pothole can throw your front end out of alignment and damage your tires. Have a tire dealer check the alignment periodically to ensure that your car is properly aligned.

ROTATION

Regularly rotating your vehicle's tires will help you achieve more uniform wear and help your tires last longer. Unless your vehicle's owners manual has a specific recommendation, the guideline for tire rotation is approximately every 6,000 miles.

TREAD

Advanced and unusual wear can reduce the ability of your tread to grip the road in adverse conditions. Visually check your tires for uneven wear, looking for high and low areas or unusually smooth areas. Also check for signs of damage.
