ART

Art classes were a blast this year. Many of the students loved to go to Mrs. Coppock's art class. "I had a lot of fun because it was a way to express myself and because of Mrs. Coppock, she was a great teacher," said Matthew Smith. Many of the art students made projects to be entered into the Governor's show. "For my Governor's show piece, I am entering an oil pastel picture of a rubber ducky," said Jessica Simon. Mrs. Coppock will not be teaching next year at North Baltimore because she is moving to Pennsylvania with her family. We wish her the best of luck and hope she has great success in her life. Many students will miss her because she is a great teacher and a good friend. By: Marcello Trevino

"ART ALLOWS YOU TO EXPRESS YOURSELF. IT IS ALL ABOUT WHAT YOU LIKE AND WHAT INFLUENCES YOU," SAID MRS. COPPOCK.

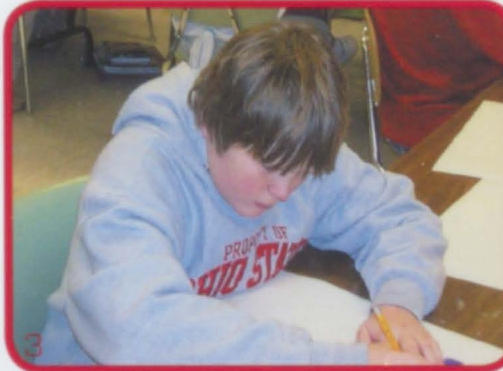

1. "THE BEST PART ABOUT ART THIS YEAR WAS WHEN I ACTED LIKE I WAS A CASHIER AT GREAT SCOTT," SAID GAGE STEWART.

2. COURTNEY BRETZ CONCENTRATED ON HER ART PROJECT FOR A GOOD GRADE.

3. JUSTIN GAZAREK WORKED ON HIS PENCIL DRAWING

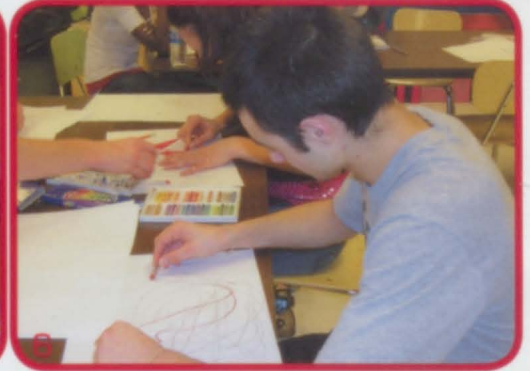

4. "IM GOING TO MISS MRS. COPPOCK BECAUSE SHE WAS A GREAT TEACHER," SAID MATTHEW SMITH.

5. "ART WAS PRETTY SUPER AMAZING," SAID ALYSSA PHILIPS.

6. "THIS YEAR'S ART CLASS WAS SMALL AND WE HAD SOME FUN TIMES WITH THE VERY FEW PEOPLE WE HAD," SAID TREG RENSCH.

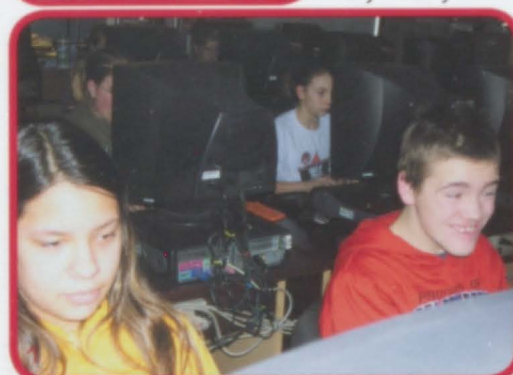

BUSINESS/IT

MR. DANIALS TELLS A JOKE AT THE BEGINNING OF CLASS TO HELP STUDENTS RELAX AND GET THEM READY TO LEARN THE INFORMATION HE WILL BE TEACHING THAT DAY.

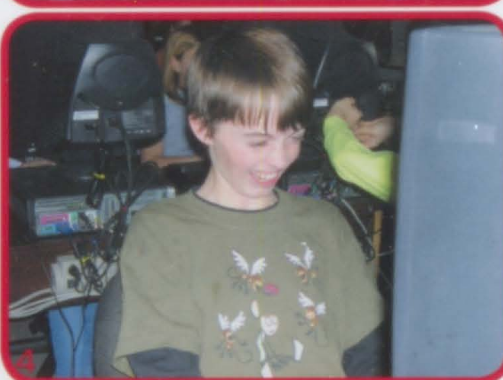

Students prepared for their futures as they attend their Business and Technology classes. In Intro to Business students learned about the basics of the banking industry and learned how to keep a checkbook. They also learned about the Global Market and how they need to be prepared to work with others from other nations. In Record Keeping students learned the importance of keeping track of personal and business records. In Business Law, Mr. Daniels taught students how important it is to know the law and how to avoid getting into trouble. In Computer Applications students learned how to use the following software: MicroSoft Word, Excell, PowerPoint, as well as Adobe InDesign CS2. Students learned how to format reports in MLA and Business format, as well as using spreadsheets and creating graphs. With PowerPoint and InDesign students learned to create presentations and layout design for ad and print. Jr. High Students learned how to use the keyboard properly.

2. THE BUSINESS LAW CLASS FIGHTS TO KEEP AWAKE AS MR. DANIELS REVIEWS FOR AN UPCOMING TEST.

3. ECONOMICS SEEMS TO BE HISTORY AND BUSINESS COMBINED. BUT DO WE REALLY NEED TO KNOW THIS WHEN WE GET OUT OF SCHOOL?

4. MARK DEERWESTER CAUGHT ON CAMERA LOOKING AT HIS FINGERS WHILE TYPING. HE KNOWS THAT IS A NO NO.

5. JILLIAN KALTENBACH REACHES HER GOAL TYPING OVER 30 WORDS PER MINUTE. "MY NEXT GOAL IS TO TYPE OVER 35 WORDS PER MINUTE."

6. "HOW MANY MORE PAGES OF NOTES ARE WE GOING TO HAVE TO TAKE THIS PERIOD?" CODY GREENO WONDERED.

MARCHING BAND

If you hear music playing, it is the band. They are proud and spirited. Mr. Pack was our fearless leader again this year, and had the band practiced everyday for 40 minutes and sometimes marched in the streets that surrounded the school. Band members were required to participate at all home football games as well as the away games. They supported the football team by playing for the fans and by cheering for the team. At the home football games, they would lead the fans in "The Star Spangled Banner" before the game started. "My favorite song to play was 'Can't Touch This'" said Jane Powell. The band also played at pep rallies which helped create a spirited atmosphere for everyone. Most of the band members participated and played at the the bonfire that followed the Powderpuff football game during homecoming week. They also played for the senior night volleyball match. They also took a trip to Florida and marched in the Spectromagic parade through Magic Kingdom. Everyone agreed that they had a fun time in band this year. By: Ashley Baisden

1. BAND MEMBERS WAIT PATIENTLY FOR THEIR TURN TO ENTERTAIN THE FANS AT HALF-TIME.

2. JACOB FLORES GIVES A THUMBS UP SHOWING HE IS READY FOR THE FIRST PERFORMANCE OF THE SEASON.

3. JANE POWELL PLAYS HER SAXOPHONE REMEMBERING WHAT FINGER POSITION IS NEXT, AS THEY WERE REQUIRED TO MEMORIZE ALL THEIR MUSIC FOR EACH PERFORMANCE.

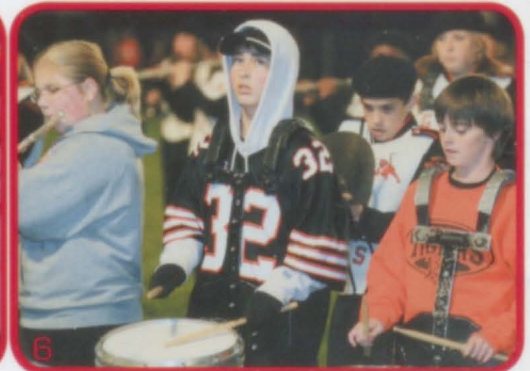

4. THE BAND MARCHES DOWN MAIN STREET TO THE FIGHT SONG. IT'S ONE SONG THAT IS ALWAYS PLAYED FOR TIGER SPIRIT.

5. MEMBERS SHOW THEIR EXCITEMENT AND FRUSTRATION AS THEY ANTICIPATE THEIR PERFORMANCE IN FRONT OF FANS.

6. SEVENTH GRADERS PARTICIPATED IN THE LAST HOME GAME AS A LEARNING EXPERIENCE. THEY ARE EXCITED TO BE A MEMBER OF THE MARCHING BAND NEXT YEAR.

CONCERT BAND

JENNA SWARTZ PERFORMS
AT A BAND CONCERT FOR
THE COMMUNITY

You loved them during football season, now listen to what they can do in concert! The North Baltimore concert band prides themselves in the quality of their sound. The band is rather small, having little more than sixty members. Once you hear them, however, you forget anything about their size. The band had a total of four concerts throughout the year. Mr. Pack led the high school, fifth, sixth and seventh grade bands. The band had a wide selection of music for their concerts, including a little bit of everything from Percy Grainger's Suite to Spider Pig. If you were to ask any of the younger band students, they would tell you with enthusiasm that their favorite song to play was Spider Pig, because all bands combined together for that piece. All together, the bands this year were spectacular! By: Holli Cramer and Ashley Baisden

1. THE TROMBONE SECTION GIVES IT ALL THEY'VE GOT FOR THE LAST CONCERT OF THE YEAR.

2. ASHLEY MILLER AND BRANDON MILLS TAKE THEIR ROLL AS PERCUSSIONISTS SERIOUSLY, HELPING TO KEEP EVERYONE IN SYNCH.

3. MR. PACK KEEPS THE BAND TOGETHER AS HE DIRECTS EACH SECTION, AND ENCOURAGES THEM WITH HIS FACIAL EXPRESSIONS TO GIVE MORE SOUND OR TO SOFTEN THEIR SOUND AS THEY MOVE THROUGH THE SCORE.

4. RANETTA LYOD GIVES 110% AS SHE PLAYS HER FLUTE WITH THE REST OF THE FLUTE SECTION.

5. EACH SECTION HAS THEIR PART TO PLAY IN MAKING SURE THE SOUND IS PLEASANT FOR THEIR CONCERT ATTENDEES. THE CLARINET SECTION MAKES SURE THEIR PART BLENDS WITH THE REST OF THE MEMBERS.

6. THE SAXOPHONE SECTION IS NO DIFFERENT. EACH SECTION AND EACH PERSON MUST GIVE 100% IN ORDER FOR THE MUSIC TO BE PLEASANT TO THE LISTENER'S EARS.

CHOIR

Do you hear singing in the halls? It could be the choir students warming up before arrive in class. Mr. Tobe is a stickler for making sure everyone warms their voice up before they practice concert selections. Both choirs rehearse everyday for 40 minutes. The Jr. High and High School choirs work hard to make their singing voices better throughout the year. Both choirs performed at four concerts this year; The Fall, Spring, Holiday and End of Year concerts. They worked hard at school and at home to prepare for their concerts. The High School choir enjoyed singing "Carol of the Bells". The Jr. High choir's favorite song was "Tears in Heaven". All of the choir concerts were huge successes and everyone had a lot of fun. The choirs made a lot of progress in making their singing voices stronger then they were at the beginning of the year. By: Ashlee Quantic

KALI FINDLEY SHOWS HER SCHOOL SPIRIT DURING CHOIR ON MISMATCH DAY WARMING UP HER SINGING VOICE WITH HER SNAZZY OUTFIT.

5. LARISSA JORDAN AND AMBER ARCHER WAIT PATIENTLY FOR THEIR SECTION'S TURN AS WORK HARD ON IMPROVING THIER SOUND AS MR. TOBE DIRECTED.

6. JENNA SWARTZ LOOKS AT HER MUSIC, TRYING TO FIND WHERE THEY STARTING.

CONSUMER SCIENCE

MEGAN WILLIAMS CUTS CHICKEN FOR THE "EYNON ENCHILADAS."

In the Consumer Science classes, you learn how to prepare foods, learn about life skills, and learn how to take care of babies. Mrs. Eynon's first year at NB, started off with new and exciting activities and assignments for her classes. In Nutrition and Wellness students learned how to measure foods the right way as well as how many nutrients they needed each day. Almost everyday they were cooking something new and healthy. Parenting taught you about pregnancy and parenting. Some activities were making baby registry and posters. Independent Living students learned how to live on their own and get prepared for life after high school. In the Careers classes, the students made brochures, gave speeches, visited web sites, wrote essays, and took quizzes. In Teen Issues, they discuss issues that teens face such as smoking, drugs, sex, alcohol, and stress. By: Jessica Simon

3. HEATHER NOYKOS AND CHERYL KELLAR WORK TOGETHER MAKING SURE ALL THE INGREDIENTS ARE THERE FOR THEIR RECIPE.

4. "MY FAVORITE PART OF THE CLASS WAS MRS. EYNON," SAID DANI MORELOCK.

5. "PARENTING IS INTERESTING. WE TALK ABOUT ALL THE ISSUES PARENTS GO THROUGH EVERY DAY," SAID ALYSSA TELLEZ.

6. JOHN ZEIGLER AND BRANDON GALBRAITH WORK TOGETHER TO GRATE CHEESE FOR ENCHILADAS.

HISTORY & GOVERNMENT

"History is philosophy teaching by examples." said Henry St. John Bolingbroke. Well, if you're looking for examples at NB look no further than to Mr. Daniels, Mr. Hollenbaugh and Mrs. Traver. Mr. Daniels and Mr. Hollenbaugh uses jokes to pass the time in the beginning and at the end of each class period. In American Government Mr. Hollenbaugh brought in protest music from the 1960's and gave a worksheet asking how the music made the class feel and what it made them think of when they heard the sound and lyrics of the songs. He also had the class buy and sell stocks in the stock market. Mr. Daniels used a smart board to help him get the class engaged in the following subjects, World War I, World War II and the Civil War. In Mrs. Traver's classes, she gives them a taste of the Revolution and the roots of civilization in the America's as well as fun group activities to help the students understand it better. 4. THE AMERICAN HISTORY CLASS REVIEWS FOR THE CIVIL WAR TEST. SOME STUDENTS CAN'T WAIT TILL THE BELL RINGS.

5. FELICIA KONRAD USES A LITTLE FREE TIME AT THE END OF AMERICAN GOVERNMENT TO TOUCH UP HER SPANISH HOMEWORK. SHE HOPES SHE DOESN'T GET CAUGHT.

6. ELIZABETH HENRY AND CASANDRA SHOPE SHARED THEIR THOUGHTS ABOUT HITLER WHILE WORKING ON A PROJECT IN THE LIBRARY.

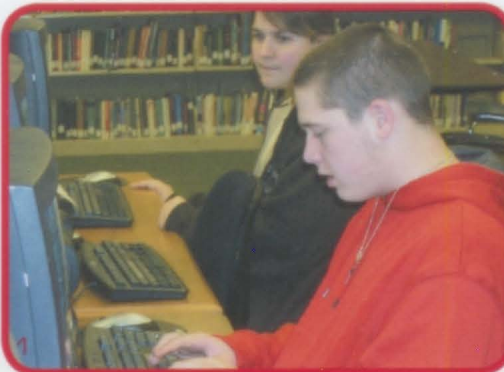

LANGUAGE ARTS

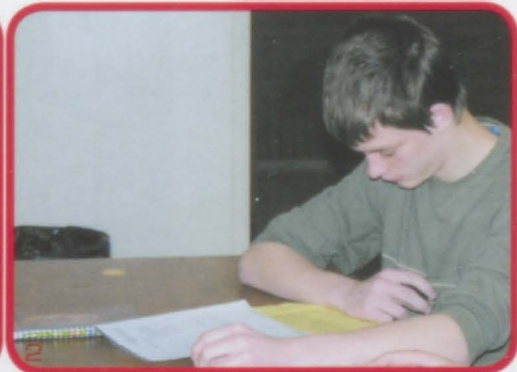

Fun for all is how most students will remember their English classes. "I remember when I went to Language Arts class and they hid Chris Casey in a box, and Mrs. Arnold didn't realize that he was missing," said Bridget DeWulf. Mrs. Arnold taught the Freshman and Sophomore classes. Mrs. Matthes taught Middle School English and Reading, while Mrs. Schaffer taught the Middle School Writing classes. Mrs. Wcislek taught the Junior and Senior classes. Each class had their own specialties. Some of the freshman students said they liked watching movies in Mrs. Arnold's room. Sophomore students said that they liked doing the I-Search project. The I-Search project required students to create a power point. The Juniors made their own version of the Of Mice and Men movie. Seniors thought that this years Language Arts class was very challenging because of the research project they were required to do. By: Marcello Trevino

"THE BEST PART ABOUT LANGUAGE ARTS WAS THAT IT WAS RIGHT BEFORE LUNCH,"
SAID LEONA EULER.

1. "THIS YEARS LANGUAGE ARTS CLASS WAS HUMOROUS AND THE WORK WAS EASY," SAID BRANDON MILLS.

2. "MY MOST MEMORABLE MOMENT WAS WHEN SPENCER WOULD TRY TO TEACH THE CLASS," SAID KEVIN WOODS.

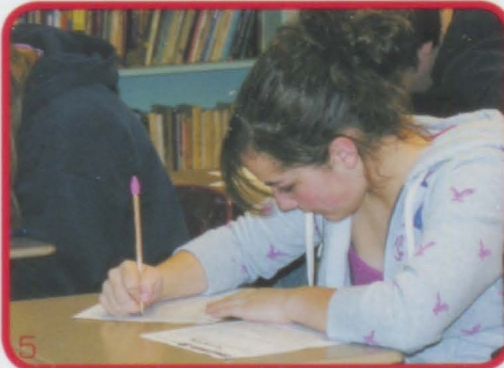

3. BRITTANY TELLEZ, MEGAN GRILLIOT, AND BRIDGET DEWULF READ "THE THINGS THEY CARRIED" IN MRS. ARNOLDS CLASS.

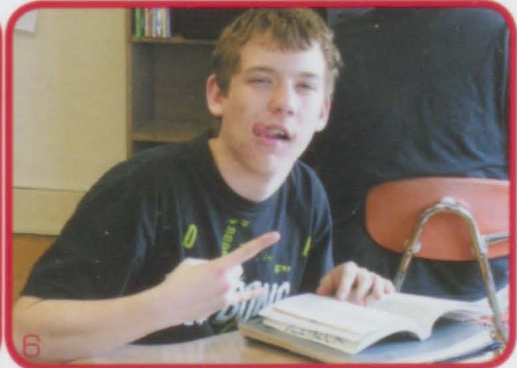

4. "ONE OF MY FAVORITE PROJECTS THIS YEAR WAS WHEN WE CREATED THE FRANKENSTEIN MONSTER," SAID TROY RAYLE

5. "THIS YEARS CLASS WAS FUN BECAUSE OF THE STORIES WE READ AND WROTE," SAID ALLI BAKER

6. CHANNING DEITRICK HAVING AN ENJOYABLE TIME READING "THE THINGS THEY CARRIED."

MATH

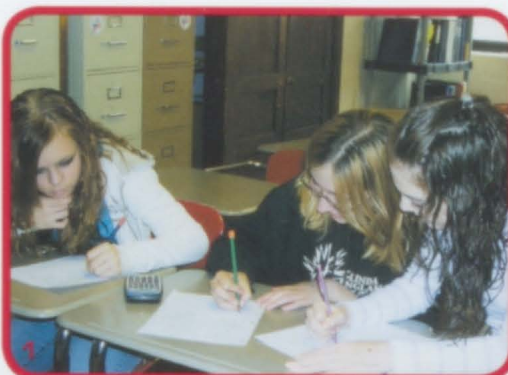

A New teacher, Ms. Crutcher, and SmartBoards awaited math students this year. Teachers could work out problems on the board and save them as notes for students to use to study. Students could also use the SmartBoards to work out their math problems. It was all a part of helping students visualize their work. Both Mr. Rowlinson and Ms. Crutcher worked with students after school when needed; to ensure students would pass their OGT Math test. Mrs. Tarney's Jr. high math classes were just as challenging as the high school classes. She wants to make sure her students are ready to take the high school math classes as they advance.

5. BLAKE PARSONS WORKS OUT A PROBLEM FOR THE SECOND TIME TO MAKE SURE HE GOT THE SAME ANSWER TWICE.

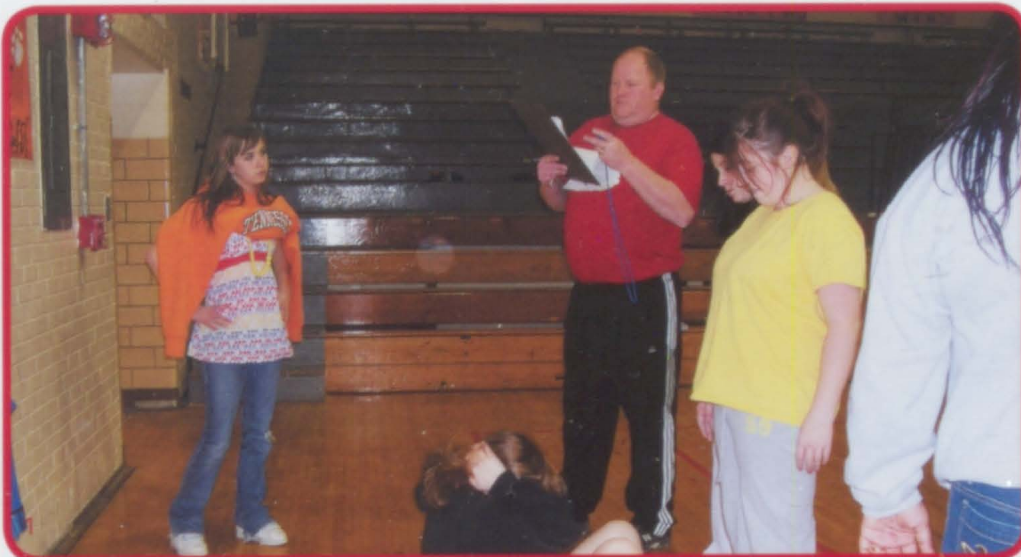

6. "TWO HEADS ARE ALWAYS BETTER THAN ONE, BUT WHAT IF WE BOTH GOT THE WRONG ANSWER?" WONDERED MARCELLO TREVINO.

PE & HEALTH

We live in a society where being thin and beautiful is what everyone strives for. Mr. Kloepper does his part to help students do just that. But he stresses more that it is important to be healthy rather than strive to be thin. Students work hard in his classes to reach goals that help condition the body and the mind. Thank you Mr. Kloepper for all the work you do to help keep the students at NB healthy and fit. By Parker Emahiser

1. MR. KLOEPFER ENCOURAGES STUDENTS TO DO JUST ONE MORE SITUP WHEN THEY THINK THEY CAN NOT DO ANOTHER.

2. SKYLER CARLES ASKS MR. KLOEPFER, "WE HAVE TO READ FOR ANOTHER 5 MINUTES?"

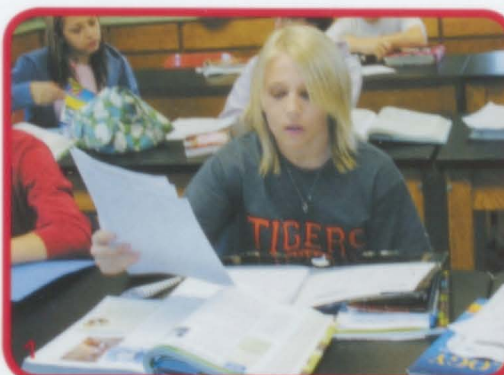

SCIENCE

There are six science classes at North Baltimore. Jr. High Science, Biology, Physical Science, Advanced Biology, Chemistry and Physics. Mrs. Garnert teaches Biology and Advanced Biology. "She is a good teacher because she makes sure everyone knows what they are doing," said Ashlee Quantic. "My favorite class is biology because there are a lot of interesting things to learn about." Mr. Gregorsok and Mr. Mulholland both taught chemistry classes. There was a little bit of competition between their classes, because they both thought they had the better teacher. "My absolute favorite part about this school year was the Mentos and Diet Coke lab in Mr. Gregorsok's chemistry class," said Deanna Cluckey. Mr. Muholland also taught the physical science and physics classes. "I really enjoy doing labs in Physical Science especially when we worked with the acids and bases," said Megan Moser. North Baltimore is really teaching the importance of science! By Holli Cramer and Ashely Baisden

6. TYLER CRILL AND CHERYL KELLAR ARE DOING A PH LAB FOR PHYSICAL SCIENCE. "MY FAVORITE PART OF THIS CLASS IS THE PERIODIC TABLE," SAID CHERYL.

SPECIAL NEEDS

WORKING TOGETHER AS A TEAM IS WHAT THESE KIDS DO BEST.

This year, the special needs class has come a long way. They have been working very hard on life skills needed once they graduate from school. They also spend some of their time on art projects, such as paper mache, which turned out to be quite remarkable. They all work well as a team. Individually, they each have their own unique way of doing things. Each and everyone of them are on their way to a bright future, and are working hard to get there. They are a very friendly, and are also incredibly creative and talented. Some of their talents outside of class include baseball, wrestling, basketball, riding horses, and working on the farms with their parents. When these kids are not in school, most of them are either jammin' out to their favorite music, or practicing what they want to be when they grow up. When they are in school, their favorite classes are either art or gym, because they are both really fun.
