The week included Jersey Day, Rockstar Day, Dress Like You're 80 Years Old Day, Twinkie Day and ending the week was Spirit Day. The pep rally was full of excitement as the boys on the homecoming court got a treat of being a girl and wearing makeup. Before the homecoming game, there was a parade. Included in the parade were the homecoming court, band, cheerleaders, midget football team, and the senior float. After the parade, the court was directed to the football field where Baley DeLancy and Matt Woodruff were crowned King and Queen. Penta

# GETTING A HEAD START

This year marks a milestone for the North Baltimore students who attend Penta. Every year Penta has days where the member schools sophomores get to come up and see what their fellow students do at Penta and get a chance to look at things on their own. When the 10th graders arrived they were greeted with two new class choices. One of the new classes is called Geospatial Technologies and deals with satellite imaging to make different types of maps for regions. Also Penta will be getting a new building in a new location. Every Tuesday the team would compete in 3 matches against a couple of schools. Ashlee Quantic commented, "I am glad that Mrs. Crutcher decided to start the team. She is fun to have as a Quiz Bowl coach and she is also very supportive." This was the first year for a high school quiz bowl team at North Baltimore.

This year's Student Council worked hard to make a spirited school year. They planned events for homecoming, AA, and worked out many school issues. The advisors, Mrs. Arnold and Mrs. Wcislek helped generate ideas and get the members motivated to work hard and plan events. The members also came up with ways to make AA a more fun and eventful period in a school day. They planned events like a Spirit Week Banner Contest and a Dodgeball Tournament. They also planned the "Moonlight Masquerade" Fall Homecoming and the "Starry Night" Winter Homecoming. The Student Council worked hard to make this school year the best one yet. By: Megan Moser
