BURNING UP THE FIELD

"IT TAKES TEAMWORK TO WIN GAMES AND I THINK WE DID WELL." TRAVIS ENGARD

Why practice after school when they could of hung out with their friends? Good question. But ask the jr. high football players and they will let you know, they love the game. It was exciting to see our family members come and support us at each of the games. "It was an ok season but we could have worked harder to win more games." said Lucas Garner. "I know with more work we will have a better season next year." This is the type of sportsmanship our students exhibit that makes them a true TIGER! Each team member needs to be proud of themselves for the effort they gave and hopefully we will see them on the field next year. By Ashley Baisden.

THE TIGERS ARE ALL IN LINE AND READY TO STOP THE OTHER TEAM FROM GETTING A TOUCH-DOWN. THE GAME WAS A HARD GAME BUT THEY PULLED OUT IN THE END FOR A VICTORY.

THEY ARE SO HOT FROM WORKING HARD. DURING A TIME OUT THEY DECIDE TO HEAD FOR THE BENCHES AND GET SOME WATER BEFORE GOING BACK TO THE FIELD AND WIN THE GAME.

JUMPING THROUGH FIRE

MARISSA WOODWARD, AUBREY MCGUIRE, AND TAYLOR MURPHY WAIT AND THINK OF ANOTHER CHEER TO DO AT A GAME AGAINST CAREY.

KATHERINE DOES THE CHEER "HOW FUNKY IS YOUR CHICKEN."

The Junior High Cheer leading squad practiced a lot to get their cheers down before the season started. The hard work paid off when they got the crowd pumped and ready to cheer the tigers on to a victory. This year the girls were introduced to their new coach, Cayla Crutcher. The first year girls had fun learning the ins and outs of being a Jr. high cheerleader from the second year girls. All the girls had a lot of fun and enjoyed spending time with each other. "My favorite part of cheer leading was the practices", said Aubrey McGuire. This year's squad worked really hard and it paid off. This was a very fun and spirited year.

"I WAS CALM BEFORE MOST GAMES BECAUSE I KNEW I HAD THE TEAMS HELP."

~MIRANDA WOODRUFF

This year the 7th and 8th grade teams did well. They practiced long and hard. They also worked very well together as a team. When it comes to the matches it isn't about winning but its about working together and having fun. Miranda Woodruff's idea of a good game would be beating the other team and working together at the same time. Megan Wright's idea of a good game is everyone having positive attitudes toward each other. Most of the girls were more comfortable playing home games because they know that the people watching them were mostly family members who were there to cheer them on to a victory.

CHLOE HAMLIN LEADS THE PACK AS SHE TRIES TO PACE HERSELF TO GET A GOOD TIME IN THE RACE.

The cross country team had a awesome season this year. They worked together as a team. There were not any outstanding stars, but we had five runners that stepped up and ran very well together. All of these runners were very good friends. They all helped each other out through this experience. Before all the meets the team would stretch and get ready together. Miranda Woodward stated, "I was pushed in the pond at one of our meets by Chloe Hamlin for rooting for another team." "Coach pushed us hard to do well at practices so we would do well at our meets," said Chloe Hamlin. The Jr. High Cross Country Team was very successful and they can't wait till next year. HOT NO MATTER WHAT

"EVEN THOUGH WE DIDN'T WIN MOST OF OUR GAMES, WE STILL HAD FUN TRYING AND NO MATTER WHAT HAPPENED WE STILL STUCK TOGETHER AND WORKED AS A TEAM," SAID MARK DEERWESTER.

The Junior High Boys Seventh grade basketball team, worked hard to play together. They kept their heads up and tried as hard as they could. "I liked having the shoot-offs with the eighth graders, we only won one but it was still really fun!" said Brandon Senecal. The Eighth graders played as hard as they could. The most important part was that they worked as a team, no matter what happened. Even though there were only a few wins, our school is proud of our Junior High boys team for being the best they could be. By: Alyssa Tellez

FINDLEY

Jr. High wrestlers worked hard to have a winning season. They were very motivated to take on the challenge of pinning their opponents. "This sport makes me seem intimidating... sort of," said Morgan Findley. All the wrestlers did well this season including Joel Swartz who took third place at MAL's. Each wrestler found the season to be a challenge that they enjoyed facing. The final record for the season was 12-0. All in all, the boys thought they did great with their overall performance and dedication to the sport. They had a fun and memorable season.

GOOFING AROUND AT MAL'S UNTIL THEIR EVENTS WERE CALLED.

Track this season was a lot of fun. The team put in a lot of time to practice and improve their track skills. They had some serious times and they had some time to goof off. But everyone tried their hardest to succeed in their event. The track team had a lot of members this season. There were 16 girls and 15 boys. Most days after school the track team would walk to Powell Elementary for practice. The team was very dedicated and had good coaches to back them up and to keep them going strong.

FREEZIN' THE COMPETITION

Despite their size the team gave 110% for Coach Hollenbach. They practiced hard and tried to win as many games as possible. They played one game with fourteen people due to injury and grades. Even though most of the players were exhausted, because they played both sides of the ball offensively and defensively, they made coach proud. Even some of the special team players were forced to be on the field at all times. "I was proud the way we played the last game of the year, even though we lost, it shows that it's not the size of the team, it's the size of the heart in the team that counts," said Denny Morelock. The tiger's season was grim but the last game of the year came down to the final few minutes when they were forced to throw a long pass if they were going to win. Unfortunately our prayers weren't answered and they ended up losing the game. The season ended with a record of 1-9. "Thanks for the fun year. Hope we can make you proud with a good season next year."

ADDING PEP TO THE FIRE

The season started with cheerleading camp at BGSU before school started. There they learned new cheers. The girls raised money by cleaning up at a breakfast for Hancock-Wood Electric Company, and by selling raffle tickets at home football games, and by raffling off cakes at home basketball games. The squads worked hard to improve their execution of cheers and dances. The cheerleaders also participated in a Christmas dance performed during halftime at a basketball game. The dance was choreographed by Aryn Bucher. A couple people who hadn't coached cheer leading before stepped up to the plate to guide the squad. Amy Woodruff and Lauren Bucher were the coaches for JV and Varsity. "This year with new coaches was fun", says Jessica Simon. The bus rides were some of the girls favorite parts of cheerleading. Favorite cheers were Tiger Rumble, Unity, Touch D-O-W-N, Put It Up and In, and Take It To the Hoop. Some favorite crowd cheers were We Say Go You Say Fight, Let Me See You Get Down, Go Fight Win, and Battle Cry. This year the cheerleaders tried something new. They tried to improve school spirit by getting each grade to show their school spirit with a grade cheer. By: Jessica Simon

SERVE IT UP HOT

The volleyball season was not the best but they still pulled through. They worked hard and never gave up. They tried their hardest, and fought for victory until the end. The team never complained when they lost. The Tigers won together, lost together, and fought together. The five seniors on the team got recognized for their accomplishments during their last game. They were Heather King, Barbra Hartman, Aryn Bucher, Ryan Herringshaw, and Stephanie Miller. Freshmen Taylor Boyer stated "The season was good because I was really proud of the way the team played." When the teams didn't play they sat, cheered, and chanted for the team that was playing. No matter what the score was, all the players had a lot of fun. When they lost they tried to stay positive. "I had a lot of fun this season and learned a lot through the whole experience." All three teams played well this season and enjoyed the game. Everyone had a good time playing and learned a lot. Through all the sweat, the wins, the losses, and the practices, everyone had a positive attitude. All in all, the volleyball teams had a good season. By: Ashlee Quantic

LIGHTING UP THE COURSE

Golf is a very mental game. It's more than just hitting a ball. You have to have patients and a strong mentality. That's why the North Baltimore High school's golf team was a competitive team. Every morning during the summer at 9:00 a.m., the varsity golf team would go out to get ready for the season. Although the practices were not mandatory, everyone still went. Some went to have a good time with their buddies. "I will miss all the fun me and the boys had. I'm really going to miss the practices," said Matthew Smith. Golf wasn't just a game to the players, it was a way to have fun and relax. When I would go to the practices and matches, I felt really relaxed and had a good time. This year the golf team only had a varsity team, They didn't have enough players to have a JV team, but the players with JV status went to the Varsity matches and played against other JV players. The golf team will loose two graduating seniors this year, Matthew Smith and Jared James. The golf team will have 3 returning varsity players for next year, Peter Euler, Matthew Archer, and Marcello Trevino. "I can't wait to do a lot better for next year," said Matthew Archer. The golf team had very many close matches. The Tiger golf team had a good run this year. By: Marcello Trevino

"When I hit the ball I was hoping the ball would stay in bounds, but instead it went in the water," said Peter Euler.

"During this putt I was calm. I wasn't nervous because this was a routine putt for par," said Jared James.

"I think the golf game is great, I think it's a great way to have fun with your buddies," said Matthew Smith.

"During this match I ended up breaking my phone with my golf club after taking a 12 on a hole," said Peter Euler.

"From this golf season I have learned one very important thing, never ride in a golf cart with Matthew Smith," said Matthew Archer.

"The golf season this year was pretty fun, especially during the practices and after the matches when we ate," said Marcello Trevino.

THROUGH THE FIRE AND THE FLAMES

The team was one of the best North Baltimore has seen in recent years. Jeffery Senecal came in 7th place on the NB all time records for sanctioned meets with a time of 17:29. Rob Hamlin and Jeffrey Senecal again were the two to beat coming in first and second for all their meets. For the most part the team enjoyed goofing off before and after the meets. They focused on improving their times and doing their best when they ran. There was some good news for the team, Troy Rayle came back to finish a full season after an injury and placed just behind Rob and Jeffrey. The teams did well at the Lakota and Cardinal-Stritch Invitational. All the runners got their best times at the MAL's. Most of the girls felt that the meets were harder while most of the guys thought practices were harder than the actual events. The favorite activity at practice was ultimate frisbee. When asked about his expectations for the Cross Country teams, Coach Rowlinson said "I have high expectations for the girls team and I just expect everyone to work hard and continue their individual growth."
