## Jonathan Long

"After winning this match I felt good because the pressure was off my chest." This season was his first year wrestling and he would definitely say that this was his second favorite sport next to football. The Arcadia tournament was his best this season.

## Joshua Stuft

Head coach Stuft wrestled in high school from his Sophomore year through his Senior year. The thing he enjoyed most while wrestling in school was the competition between others and himself. He thinks that thinking your going to win, will help you prepare for the match. His most memorable moment wrestling in High School was going from being just the sophomore to being one of the wrestlers to beat on the team. He also felt good working his way up to becoming a seated wrestler (a wrestler predicted to do good at the meet).

## Jim Stewart

Coach Stewart wrestled in high school all four years. The thing he enjoyed the most was the drill called "The one on one, may the best man win." This drill consisted of two wrestlers wrestling against each other until one was pinned. His most memorable moment in High School was going to state his first year of wrestling. 17

1. Rachel Flores charged down the court determined to get past the defender. 2. "Calvert is my most memorable game because the game was so close and intense," stated Brittany Lee. 3. The JV team crowded in their huddle as Coach Flores talked to them about teamwork. 4. Jessica Casey played hard defense against her opponent. 5. Courtney Bretz dribbled in for a lay-up as she shook off her defender. 6. "My most memorable moment was when I got my black eye! it was awful," said Ricci Emahiser. 7. Brittany Tellez had a few encouraging words for the team, as they got together in a huddle before they started their game.

## Taking Back the Court V & JV Girls Basketball

The Lady Tigers Team had a big improvement in their season from last year. Whether or not the records show it, they have improved in many other ways. They became close as a team, learned how to get along and work together, and developed a better understanding of the game. Not only do the players look at each other as teammates and

friends, but one big family. Coach Frost said, "The girls worked very hard in the off season and showed a vast improvement despite an injury prone year. Of their 12 regular season losses, 5 were heartbreakers in the closing minutes." As long as the Lady Tigers keep their bond, the team is better prepared for next year!

"The Lady Tigers will return letter winners next season, but we'll miss senior captains Ariel Cohen and Brittany Tellez as they head off to college," Said Coach Frost.

Brittany's biggest accomplishment this year was becoming co-captain of the team. "We're like family. My advice to next years team is always play your hardest, and always play for your team. Leave every game knowing you did all you could do because when it's all over, you'll want those good memories."

Their last basketball season as Lady Tigers. Ariel felt she brought leadership to the team as co-captain this year. Her advice to next years' team is "Always do your best, keep your head up, and always be there for your fellow teammates."

1. Corey North rejects a shot attempt in the game against Northwood. 2. Marcello Trevino patiently awaits an opening in the defense. 3. Cody Pelton focuses on a tough free throw attempt. 4. Treg Rensch, Marcello Trevino, Peter Euler, Corey North, Chris Casey, Jacob Casey, Cody Pelton, and Jeremy Grant pose for their senior picture together. 6. Treg Rensch, Clinton Ebright and Marcello Trevino celebrate a hard fought victory after shaking the opponents hands.

## *Tiger boys revert to a winning season* **V & JV Boys Basketball**

The Varsity Boys team cruised through eight games in a row to help them have an overall 14-7 record. In this win streak the boys beat long time foe Carey, who the tigers have not beaten in more than four years. This tough victory capped their eight game winning streak before finally losing to Miller City by two. The tigers had to play Miller City once again for the first round of the sectional tournament but lost after making several runs. The JV team also had an impressive year finishing at 11-9.

This team consisted of five juniors and five sophomores. The JV boys were very tough and extremely physical and this was the key to their success this season. While nine tiger seniors, who were all letter winners, will be graduating, next years team will have one letter winner and four other seniors to reload with. Both teams worked hard and had a fun time playing together. Another good year for the tigers.

## V & JV Cheerleaders

This years squad used one word to describe their year, "unforgettable". The girls did a terrific job and had a lot of great memories. "This was my favorite year to cheer of all years because I was a senior and we did a bunch of different cheers and dances," said Brittany Tellez. Ariel Cohen said, "I messed up during cheers a lot this year and it was embarrassing but fun." The girls made pep rallies exciting this year because of the new fun cheers they learned over the

summer. They also created new fun games for the students to play during the rallies too. Although the girls love to cheer, most of them preferred cheering for basketball over football. "I enjoyed cheering for basketball a lot more because I felt more involved in the game and everything was more exciting and intense," explained Chelsey Woodruff. This year was indeed unforgettable and everyone had an amazing time being apart of it.

**Chelsey Woodruff**

"I enjoyed my senior year the most of all the four years because it was more fun and I got to push people around."

## Take Part In V & JV Volleyball

At the beginning of the season for the varsity team there were seven seniors. By the end of the season there were four. The season didn't start out too well, but the teams still made the best of their season and tried their hardest. The Freshman team ended with a record of 9-4. The Junior Varsity's record was 12-9. After losing a couple players and gaining some, they pulled it together for a winning season.

The Varsity's record was 3-20. They didn't have the greatest season but they still had fun. This year all of the teams were very excited, about being part of the Volley For The Cure campaign. They played against Carey, at Carey. There was a Bake Auction and they placed paper volleyballs on the walls with names of survivors. A lot of money was raised for the Susan G. Komen Breast Cancer Fund.

## KICKIN' IT BACK! V & JV FOOTBALL

Coming out this 2009 season the numbers were low with only 25 players and only 7 seniors. Working with what they had they got an excellent starting offense and defense. We had a lot of talent on the team. Everyone worked really hard and put a lot of time into the season. Coming into the first game we gave it our all and picked up a win against the Holgate Tigers. The team was pumped after the first game was out of the way. Hardwork, watching films, and good practicing led us to another victory against Danbury. The game was a blowout. The next game,

against Elmwood, was the first lost of the season. They played and fought hard but couldn't win it. The season then turned to hard work and disappointment, but the team never quit. They kept fighting until the end of every game and practice. The team stayed together and helped one another and cheered each other on. The coaches were very inspirational to the team. They were a big part of the team and cheering them on as well as telling them what they did wrong. Knowledge was learned. This 2009 Football season was still a success.

### V & JV GOLF

The team had a surprisingly good season. Everyone on the team said they didn't expect to do as well as they did this year. The seniors stated they had a good season, it being there last year. All of them plan on golfing in the future either for fun or for college. The under classmen commented they planed on golfing for the rest of their high school years. The majority of the team said that they usually golfed better on the back nine then the front. There were some things the golfers would do over. Things they wish they could rewind....Peter Euler would like to

take back the time he broke his clubs at one of the meets. He was pretty angry and ended up putting a hole in his bag and breaking a few of his clubs. Matt Archer wishes he could rewind time and go back to when he shot a 39, he was really happy to have gotten such a good score. Drew Rister wishes he could rewind time and go back to when he got mad and threw his sand wedge up into tree. Marcello Trevino was the only one to make it to districts. He stated he barely made it but he was happy he did.

**Felicia Konrad**

## Retracing Our Steps

### JH Track

This was a great season for the junior high track team full of memories funny stories and many personal records. Lindsay Davis and Morgan Okuley remember dancing around the track thriller style when they were supposed to be running and warming up for their meet. Morgan said, "It was so funny I couldn't stop laughing. "AJ Hotaling recalls when him and the team hid from all the coaches behind the bus seats. Sadly they were easily found.

"I remember the coldest meet of the year" says Leslie Busch. "I had to wear pajama pants while I ran because the air chilled my legs so bad." A lot of athletes had to wear extra clothing during events because of the cold but all finished their events. Whether bad weather or intense dancing distracted the junior high track runners they were able to continue to improve and break personal records. They had an enjoyable season and all would agree they are looking forward to next year.

David Bankey's main goal this year was to win most of his matches.

*Turn Over the Kid for the Pin!*

## JH Wrestling

This season for the team was pretty tough. They only had two people that wrestled all season. Wade Ishmael was the new coach this year. Wade wrestled all four years in NBHS. He knew what he was talking about when he was teaching moves. There were no returning wrestlers. David Bankey had wrestled in the past, but it was Amber Payne's first year. Even though this was Amber first year she loved it! She

liked being able to wrestle other people and try moves that she learned. David Bankey had 25 pins. He was happy how the season ended. He stated he is defiantly wrestling next year. Amber and David both enjoyed thier first season. "The funniest thing this year was wrestling all the new people,": said Amber. The funniest thing for David was walking into the meets with only two wrestlers.

## *Tigers Have an Overturn Season!*

### **JH Girls Basketball**

As the class of 2014 went from Seventh grade to Eighth grade, not only do they become older but they also become leaders. With two new coaches, the players tried their best to teach the Seventh graders what they needed to know. Jasmine Bretz could see the improvement between the beginning of the season and the end of the season. "I am very proud of the way the girls stuck together this season. We

had to battle through injuries too numerous to count, and a lack of numbers on the eighth grade teams. Through it all they fought hard, never gave up, and showed great character. What more can a coach ask for? It was a pleasure to work with these young ladies and I wish them the best." said Coach Brian.

1. We weren't doing very well and I was glad I was sitting on the bench and not getting embarrassed. The season didn't go very well. I was very tired and very thirsty," said Brock Boyer. 2. "Why is he eating a sucker? Coach was telling us to quit being lazy and to get our heads in the game right before halftime," remembered Christian Richmond. 3. ## *Bounce Back* **JH Boys Basketball**

Overall the season went well. They won two games. The coaches never gave up on them and kept teaching, influencing, and cheering them on. The players took it upon themselves to work hard the whole season. Despite the losses the team never gave up.

They worked hard every practice and cheered each other on. They pushed one another to be better. They had a fun season. They put on great shows for the crowd, and showed their school pride. This season, the team represented our school to great extents.

## JH Cheerleading

As Junior High Cheerleaders, not only did they cheer to get the crowd and players pumped but they cheered because they loved it. The girls always had fun cheering even when the team was losing. Haleigh Fleck has a lot of memories but the one she will always remember is when Danielle almost had to run 200 laps during basketball season because she was goofing off.

Hayleigh Simon will always remember becoming closer with the girls that she didn't really know. They worked together making dances for the pep rallies, and putting together signs for the players lockers. With Haleigh, Rachel, and Danielle becoming Freshman next year their advice to the upcoming girls. Cheer your loudest, listen to your coach and most important, have fun!
