A black and white photograph of a two-story brick building. The building features a central entrance with a set of stairs and a metal ramp leading up to it. There are large windows on either side of the entrance, some with air conditioning units. The building has decorative elements like columns and circular medallions. A large tree is on the right side of the building. The photo is framed by a red border.

SAVE THE BE

"It's cool that we are the last class to graduate from this school building; it puts us in the history books, commented Michael Shelton. Morgan Findley added "It makes it so all of us will always be remembered. Not like that would be hard anyways. WE ARE LEGENDS!"

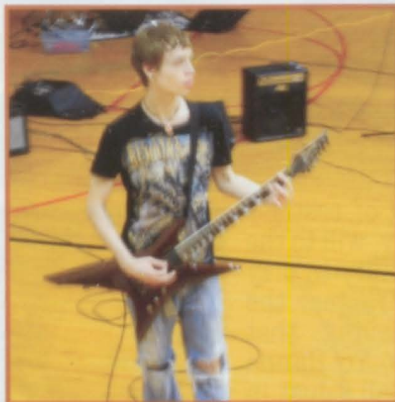

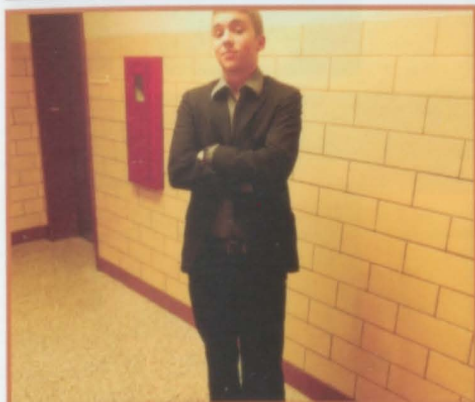

Maranda Fenstermaker and Garik Swope search for ideas for their art projects in Mr. Archers room.

What Derek will miss most about high school is the feel of the hallways and the sound of the students in them.

Jonathan reminisced about how it has been an awesome time in this building. "Growing up here; going from young teenagers to young adults. As much as I want to stay I can't wait to get out of here."
