7. "If I learned anything from cheerleading, it's that you should always enjoy the little things in life," said Halee Schaffner.
8. "Some of my best memories in high school are out on that field. I'm going to miss playing so much," said Tyler Trumball.
9. "Wrestling is not just a sport, it's a lifestyle," said David Bankey.
10. "Some think volleyball is about winning when its really about leaving a lasting impression," said Cheyenne Hernandez.
11. "Cross country changed my life, and I'll never forget all the great times I had," said Ethan Nominee.

## Learning Form and Functions No Exceptions!

"I like working with others. I was nervous at times during the season. The season went really well," said Tara Andrus.

"I love being loud and really enjoyed cheerleading, the season," said Saijai Ornpaeng.

"I'm going to miss cheering with all my friends. I have a lot of good memories," said Lily Woods.

## Leaving it all on the Gridiron

Practice started in July with most players training in the off season. Music played during the warm-ups getting the team pumped up for each game. "The season went well overall and the team fought hard. I thought for the low numbers of kids we had, the team did a really good job. There were a lot of seventh graders on the team that played a significant time against teams along with the more experienced players." said Coach Matthes. Overall, we had a good season and at the end of it, we as a team, had a better understanding of the offensive scheme that Varsity Head Coach

Bishop introduced to the middle school at the beginning of the season. We hope we can build on that for the next season. The team's motto was "Always Give Your All." Coach Matthes stressed this throughout the season.

## MS Football

1. "I plan to improve next year by hitting the weight room and to work on my game," said Chase Cotterman.

2. "My father is my inspiration and I believe dedication is what makes a great football player," said Owen Stewart.

3. "I bring leadership and speed to the team and believe teamwork is the key to winning," said Brendan Cotterman.

## Middle School Cross Country

"I like that running keeps me in shape, but I didn't like the 5k's everyday," said Rachel Crouse.

"Cardinal Stretch was my favorite place to run because of the hill; I think running is fun as well," said Aiden Gore.

"To prepare for meets I tell myself I will do better and hope no one interferes," said Jordan Bucher.

## Middle School Volleyball

The main memory from this years season is that the girls are a team on the court as well as off the court. "We are close friends outside of volleyball," said Alivia Light. They worked hard together throughout the season. "I think our most difficult match was against Hopewell-Louden because they had really good spikes," said Hannah Mason. "My favorite moment of the season was when we finally won a tournament game," said Hannah Lord. Though the teams had many serious matches, they did have time for some laughs. "My favorite moment was when Jasmine fell in the bleachers," said Hailey Watson.

What goes on through players' minds during a game? "I think about what we have to do as a team and how we can win," said Hailey Powell.

"I joined volleyball because it's something I've never done before," said Alivia Light. "My favorite things are serving and spiking."

"When I'm watching my teammates play I think about the practice we've had together," Megan Smith said.

"I think about trying to hit the volleyball over the net so that we can win when I'm at the net," said Saijai Ornpaeng.

The volleyball team went up against some tough opponents. "We have to practice hard and communicate well as a team," said Makenna Ray.

2. "I played wing and post this year and I liked those positions becuae I really like basketball," said Jasmine McNett.

3. "I liked being physical on the court and my goal for next season is to shoot more," said Hailey Watson.

4. "I liked being able to control the plays so that's why I liked playing point guard," said Makenna Ray.

5. Allison Kepling was a shooter for the 7th grade team. When asked how she felt about playing this position. She said, "I really do enjoy this position because I get to work on my shooting a little bit more then anybody else."

6. "I liked that our team was so small. It allowed us to get along all season," said Hailey Powell.

Even though the teams faced some challenges this year, both the eighth grade and the seventh grade teams had a great season. The first game was held at Old Fort High School in November. The teams also had two new coaches, Coach Hopple, and Coach Matthes. The eighth grade team ended up winning the M.A.L. Championship.

"Something new about the team this year, is that we got a new player. I started playing the sport when I was in the 1st grade, for Upwards. I look up to Jacob Frost because he is a good player and leader," said Chase Naugle.

"I began basketball in the third grade. A new thing about the team this year was that we got a new player on the eighth grade team, Adam Flores. We also won the championship this year. A person I look up to is our coach Joey," said Noah Cotterman.

"The reason I enjoy basketball is because it's fun, and it's a really athletic sport. I play shooting guard for the team. I started playing when I was in the third grade. A person I look up to as a basketball player is LeBron James," said Blayne Keller.

"I entered the sport when I was in the fourth grade. I really like basketball, because I have a lot of passion for it, and I think it is a really fun sport," said Tyler Durfey.

This season we might have been out manned, but we weren't out gunned. Our wrestler, David Patterson, challenge himself to make this season matter. As the only middle school wrestler he trained with the high school team. "Practicing with the heavier upper classmen made a big difference when wrestling opponents in my weight class, 98 lbs. I had more control because my opponents seemed lighter, said David." He had a good year, as a matter of fact, he was never pinned during any of his middle school career. Thanks to the help of all of his coaches, that pushed him, he will continue to grow.

# Pin It To Win It

David Patterson enjoyed his wrestling season and said "My favorite part of this wrestling season was winning second place in MAL's." 24 wins (12 pins), 4 losses.

"Team bonding is very important so everyone can get along and not fight," said Rachel Crouse, Gr. 7.

"The best feeling is being happy after running because you didn't throw up. My favorite event is the 400 meter run," said Lily Woods, Gr. 7.

# NOW WE'VE GOT SOMETHING TO SHOUT ABOUT

## JV & Varsity Cheerleading

Tryouts and cheer clinics for the teams began in the beginning of April with the season actually beginning in mid to late August. Eight girls made the Varsity squad, while there were five members on the JV squad. The cheerleaders sold pizzas to raise money for the football and basketball seasons. Also, both squads supported Breast Cancer Awareness while sporting their pink pom-poms throughout the year. A lot of the cheerleaders commented that their favorite thing about cheerleading as a whole was the bonds that they formed with each other from season to season. "I probably wouldn't have some of the friends I have now without it," said Cody Switzer. Haleigh Fleck said, "This year was different because we actually had fun and for the most part got along."

"After high school I am going to miss cheering and dancing at the games," said Hanna Brian.

"I am going to miss being a role model for little kids. I'm going to miss cheering for all the sports events," said Haleigh Fleck.

"I'm going to miss the friendships I got out of cheerleading," said Cody Switzer.

"I'm going to miss having a group of girls that I can rely on to always be there for me and have fun with," said Danielle Ferguson.

"I'm going to miss all the fun times I had with the girls and just the thrill of cheering," said Halee Schaffner.

## Senior Spotlight

The team went through a major change. For the first time ever, there were two individual teams, one for boys, and one for girls. J.P Miklovic coached the boys. The team repeated as the Champion of the Lakota Invitational at Loudon Meadows, where they shot a 334 which turned out being the best score of the year. They also went to districts and placed 17th.

Aaron Frankart coached the girls. In the first year of North Baltimore High School having a Ladies Golf Team, the team had a 500 season, finishing with an 8-8 record in the regular season. The 1st Lady Tiger Invitational kicked off the season. It was held at the Birch Run Golf Club here in North Baltimore. They also advanced to the District Tournament where they placed 9th out of 15 teams.

Jacob Frost, Grade 12- I started playing golf around the age of 5. I think the best thing about our team this year was being able to go to districts. I look up to my dad most as a golfer and also my uncle as a golfer. The thing I will miss most about high school golf will be playing competitively.

Olivia Hall, Grade 12- I took a break from golf last year and coming back I improved a lot. I feel that the best thing about the team this year was being able to go to districts; the first year the girls had their own team. The thing I'm going to miss most about golf after I graduate is my teammates for sure!

Garrett Boyer, Grade 12- The biggest thing I will miss about golf after graduation is not being able to play all of the area courses for free a couple times a year. I got big into golf when I was 11 because me and my cousin Brock would go golfing nearly everyday of the summer. My best match of the year was our last home match.

Nathan received a three year varsity award, Captains award and MVP at the award ceremony. His best time was 19:10 "Old Fort was the hardest course, the combination of steep hills and a bumpy course killed me."

AJ received a three year varsity award and Captains award at the award ceremony. His best time was 19:46. "My favorite part is the challenge."

Tyler, a two year varsity award winner, finished the season with a time of 19:33. "My favorite part of cross country was how close the team was."

This is Tanner's first year of high school cross country. His career record was 20:28. "I like cross country because it is an individual sport and you have to push yourself."

Cody Gerdeman, a two year award winner, personal best was 21:28. "Districts was the hardest course I ran because I fell down and hurt myself."

This was Caleb's first year, his career record was 19:39. "I had a lot of fun with my teammates, and I liked it when my family come to support me."

Andrew started the season as a new runner. His best time was 23:13. "My goals were to get personal records."

This was Ethan's first year. He ended the season with a record of 23:45 at districts. "I think the meets are harder than practices because it is harder to keep up with your team mates."

The best thing about cross country was how the teams felt like a family. "The junior high is like the younger siblings that sometimes can get on everyone's nerves, but at the end of the day we all love each other," said Nathan. This years team was great even though some of the runners had to deal with injuries throughout the season and needed resting periods. Madison Fitzgerald was injured last season and could not run at all this season. She was always at practices and meets cheering on her teammates. There was always a different focus at practices, running long distances, working on running up and down hills, and building strength.

Coach Rowlinson has been coaching the team for eight years. "My favorite part about coaching is the athletes, they're awesome! One of the best parts of the day is working with individuals and seeing the importance of running even after they graduate. I am so glad to see the numbers go up, and seeing athletes trying it out and finding out they enjoy it!" said Coach Rowlinson. "This was my first year of being captain and I loved it. I loved being able to help out my team and give them pointers," said Mariah Leonard. "The best part about being captain was leading the guys team said Nathan. "Having power is the best part of being a captain," said AJ.

1. "Tanner, Caleb, and I all dressed as women at the Elmwood Fun Run. It was last minute and we got our stuff the day of the race," said Cody Gerdeman.
2. At Mamuee Bay all of the boys got in the water. Some even swam! "My favorite part was the picnic that we had after the race," said Nathan.
3. "I belly slid down a hill and got so muddy, it was really fun watching other people fall, too!" said Tyler.

4. "Everyone loves going to Mamuee Bay to run. The big hill is a killer, but afterwards we do a bunch of fun things. My favorite is taking goofy pictures!" said Mariah.

5. This year for the Elmwood Fun Run the girls decided to dress as Barbies. Each girl chose to be a different Barbie doll.

6. "The best part of the Fun Run was walking most of the race, and I got a free water bottle! It was also a great way to bond as a team," said Brittany.

Megan's best time was 24:25. She was awarded MVP, and second year varsity. "I feel that meets are harder because all the pressure is on."

Raegan, a two year varsity runner, best time was 24:02. "The hardest race I ran this year was Maumee Bay because of the big hill and most of the race is in the woods."

Mariah, a three year varsity award winner, received the Tiger award, and Captains award. Her best time was 25:29. "Districts was my favorite meet this year. I really liked the course and I came in first for the Tigers."

Taylor was awarded rookie runner and a first year varsity letter. "My best time was 25:02. I joined cross country to stay in shape for basketball."

This was Leslie's first year running, her career record was 27:10. "Maumee Bay was the hardest course because of the massive hill, and it was hard to catch your breath in the trails."

Brittany Daughenbaugh is a second year varsity letter winner. She finished the season with a best time of 28:29. "My favorite things about cross country was camping, running at Van Buren State park, and the games."

Players started the season with a new coaching staff, Coach Bishop, Coach Weber and Coach Hopple. They agreed the season was about rebuilding for the future. Their record may not show how well they played, but they believe the key was finishing. "We have to finish every play, every drive, and every game if we want to be a victorious team," said Coach Bishop. We wanted to rebuild the foundation and achieve more wins than losses." The coaches agreed they got into coaching because of their love of the game and want to make a difference in young athletes lives.

The seniors played great and the juniors are ready to be leaders. The freshman and sophomores are ready to step up as well. The coaches couldn't be more proud of the players who are committed to improving even in the off season. Conditioning started as soon as the season was over and the players were getting in better shape with a better mind set. The coaches held study tables after school once school started. "Grades were our number one priority," said Bryce Gunter. The teammates agreed that conditioning and lifting improved, along with their grades this year.

1. "Lane Bishop runs for a touchdown during the Holgate game. 'I'm looking forward to my senior year and playing in the BVC.'"

2. "Football is a way of life," said Tyler Trumbull. It teaches you to never give up."

3. Focusing on defeating Tiffin Calvert, Zach Meggitt takes a break on the sidelines during a time out.

4. "I was going for the win and nothing else," said Gabe Del Los Reyes, wide receiver.

5. Broady Naugle and teammates run for the sideline huddle. "We meet before the game starts."

6. I was running over to the sideline on a timeout," said Taylor Bishop

7. "Coach Bishop called a time out and told us what to do and we were determined to stop them on the goal line stand. This year we played down the foundation and it's up to the under classmen to build this program back up," said Zach Stewart.

8. "I was trying to find out what the play was so I looked over to the sideline for the signal," said Sean Watson.

The players were ready to start fresh when the season began. With new coaches, came new hopes of a winning season. "Having a new coach this year was great because we got to learn a lot of new things from her," said Emma Rister. Members of the Junior Varsity team were pleased with the season. Katie Leady said, "The season was good. The only thing I would have changed was not being able to play as much as I would have liked, considering my injury. On the other hand, Mackenzie Stewart, a member of the Varsity team, would have liked a few things to be different. "We did not do the best that we could have because two of our best hitters got injured

in the beginning of the season." All in all, despite some of the challenges throughout the season, the players all tried to stay positive. "When you work hard, you will most likely achieve what you are working for. You don't get things handed to you without putting in work," said Kenzie Carles. With all of the girls shooting for success, some might even say their energy was electric. "During games I could really feel the players' determination. You could see they were genuinely trying one-hundred and ten percent at all times, and their teamwork was great," stated Alyssah Leary.

## Varsity & JV Girls Basketball

1) "My least favorite team to play was Hopewell Loudon because we've been in competition with them for years and they frustrate me. My favorite team to play is Van Buren because I like beating them every year," said Alexis Julien, Freshman.

2) "I love my hometown and I love basketball so I wouldn't want to play for any other team no matter what troubles may come with it," said Olivia Frost, Sophomore.

3) "My favorite part about basketball was team bonding and when the team got to goof off and have a lot of fun. I look up to Michael Jordan because he's a beast and we have the same number, 23," said Madison Ray, Junior.

4) "I like being a part of the team, playing and winning games while everyone cheers us on. My coaches helped me throughout the year to improve my shooting form," said Courtney Smith, Freshman.

The season began in early November, 2013. With a record of 8 wins and 17 losses, the Lady Tigers had a very good season, although, there were a couple of rough patches from time to time. "The JV team got along well, but the Varsity sometimes had their fair share

of issues," said Courtney Smith. "Our coaches helped us bond as a team and work hard to get the wins we had," said Olivia Frost. The Lady Tigers made it to sectionals at the end of the season as well, with a close loss of 44-43 against Miller City.
