

The year was full of good things for the girls on the volleyball team. The team got lots of practice and conditioning. They got very close and bonded a lot over the course of the season. The team doubled the amount of wins from the previous year. This was a huge accomplishment for the girls. One of

the biggest things to happen this season, for both the team and the community was at the game against Van Buren. The game was very intense. The rekindling of the rivalry between the two teams made for an exciting game, and an exciting season.

#WhoWe Clap For

The cheerleaders never fail to keep the crowd cheering for our Tigers. They give it their all by being spirited and enthusiastic, supporting both the football and basketball team. The team

started the season with tryouts and clinics during spring of 2014. Throughout the summer they prepared for the football season with cheer camps. During football season the squad worked hard cheering in all types of weather doing their best to keep the crowd going. When Basketball started, our cheerleaders continued to show effort while also inspiring

our mini cheerleaders. Our Varsity and JV squad spent time with the younger cheerleaders teaching them new routines to perform at the home game against Riverdale. "What I loved most about the Mini Cheer Camp was being surrounded by younger girls who all share the love for cheering," said Lisa Rennau.

"I would love for the girls to go to cheer camp and have the opportunity to improve and shine," said Coach Wright.

"My favorite game was when we had senior night because the gym was packed and half of my friends were there," said Courtney Rhinehart.

"My first year of cheerleading was very interesting. It had its ups and downs but I definitely plan on doing it again next year," said Aubrey Wheeler.

"My goal for next year is to make Varsity again and to be louder," said Leah Hetrick.

"One thing I will miss most is cheering with the student section. It was such a great feeling to be on the field or the court and see what you can reach through just a few words," said Lisa Rennau.

"Having a new coach is cool because it is a different experience and you get to be yourself with someone new," said Lacey Hall.

First Row: Leah Hetrick, Lacey Hall, Second Row: Morgan Wright, Lacey Trumbull, Jazmin Bland, Back Row: Hailey Powell, and Allison Beaupry.

Dunk

It was the 13th of February we were playing against Corey Rawson, which is when Chad Wright dunked not once... but twice! He immediately put more life in his players, coaches and fans. The varsity team started off the season 2-8 but quickly turned it around by going on a six game winning streak they ended the season 13-8 losing in the first round of tournament against Arcadia with a score of 40-43. The JV team started off the year with a 3-7 record, but they quickly turned the season around and made improvements on their shooting and working more as a team and ended with a 12-10 record.

With a fresh start, and a new set of coaches, the girls basketball team was in for the long run. Practices and plays were different from what the girls knew. However, it all paid off in the end. They started their season with a victory over Otsego and continued to sweep the floor. "I love basketball because it's challenging. The teams we play, the goals we set, and even our teammates are always challenging us. It's competitive, physical and fun!" said Kiah Powell. The girls ended their season 11-11. Although they didn't reach their goal, we are still proud of them.

"My advice for the freshman coming up next year is to be ready to work because we will be better than last year," said Lacey Trumbull.

"Not being able to wrestle in high school is something I will really miss," said David Bankey.

"I was very disappointed that I was not able to wrestle most of the season," said Gage Carles.

Simon Sexton is a home schooler that wrestles for the Tigers. We can't wait to see him wrestle in high school.

"My favorite meet from this season was the home meet, because I won one of the matches in front of the whole town and it made me feel good," said Levi Trout.

"I think I did pretty good this season. My goals were to make it to districts but I didn't. Next season I want to go to State," said David Patterson.

The middle school and high school teams pinned the season by beginning conditioning in November. The three high school team members used their experience to help the younger middle school team when they gathered to prepare for the season. Once the season started they practiced every day for over two hours, improving on their techniques and skills. Although there were very small teams they still managed to pull together and never failed to give it their all. Levi

Trout and Simon Sexton were the only 2 middle school wrestlers to complete the season. "Coach Shakle motivates me because he was a good wrestler and told us stories about when he wrestled, and he wanted us to do well, just as he did," said Levi Trout. All the coaches worked together to ensure the wrestlers improved over the season. Hoping to continue the momentum started this year, Gage said it the best "We definitely need more kids for next year's season."

"Wrestling takes hard work and dedication.

My best accomplishment was becoming a better wrestler," said David Bankey.
