

SEASON

Cheerleading is a sport that a person needs to have heart for. When no one else is cheering because the team is losing, the cheerleaders are still there, continuing to cheer until the game reaches an end. No matter the outcome of the games, they are the fans that always come back. The squad started their season fairly early with practices in early June. With many dances and cheers to learn, the girls needed to get a head start. Head coach Kim Wright came back this season for her second year of coaching and worked the girls hard to be the very best they could be. Unlike other sport seasons, cheerleading lasts the longest from fall to spring. From the rainy nights on the football fields, to freezing cold bus rides, to basketball games the cheerleaders have experienced it all. By the end of the school year the squad lost five seniors which left two varsity members behind to carry on the tradition. With their future's in mind, they left the squad with ambition and courage for the road ahead. Coach Kim Wright plans to return next year as head coach and continue to create a strong cheerleading squad.

PLAYERS

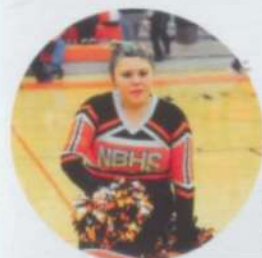

"Coach Kim is the most important person in my cheerleading career. She always makes us work and is always willing to do what's best for each individual cheerleader and the squad as a whole," said Tessa Shifflet.

"Cheerleading is a sport where if you don't give it your all it not only affects you but, the entire squad," said Valerie Buchanan.

"My sister inspired me to do cheerleading, she always made it seem fun and exciting," said Lilly Westgate.

"I have grown up watching cheerleaders and have always wanted to be one of them," said Aubrey Wheeler.

"I joined cheerleading for the dancing aspect, to be a part of a team, and to make new friends," said Topanga Eiland.

"I love getting together with a group of girls and being able to connect with everyone. It is a bond that not everyone gets to experience," said Jazmin Bland.

"My favorite part about cheerleading is being on the field cheering on our boys with my best friends," said Megan Smith.

PLAYERS

"Before a game I think about how the game is going to be, and pray that I don't screw up or do something really bad," said Chase Naugle.

"I can personally improve by practicing in my free time. I know I need to be a team player and do whatever it takes to win," said Julian Hagemyer.

"My favorite part of playing on the team is everyone coming together. I think we can improve by playing more as a team and less as individuals," said Noah Brian.

"I look up to Russell Westbrook because he has the drive and the killer instinct not to lose," said Noah Cotterman.

"My goals this season were to be well under control and to help my team as much as I can," said Tyler Durfey.

SEASON

With hard work and determination this year's team started strong with conditioning and practice in November. Working on technique and skill they began improving on the court while relying on each other. The boys began their season with a win against St. Wendelin scoring 69-54. Throughout the season they fought hard ending their regular season 13-9. As tournaments began the team had a great win against Tiffin Calvert, ending the game 68-48. With that win they had the honor of cutting down the basketball net and preparing for their next game. With a very competitive and close game, our team ended the season losing to McComb. Overall they had a great season, and our school is very proud of everything they have accomplished this year.

"The team can improve as a whole by talking more on defense and picking each other up rather than putting each other down," said Austin Ogg.

"The game I looked forward to was the Van Buren game because they are our biggest rival and that's where I used to go to school," said Brady Rader.

"I look up to Brody Naugle because he is a great leader and tries his hardest. My favorite part about being on the team is that we are like family. We are always joking and there to pick each other up on and off the court," said Elijah Smith.

TRENDING ATHLETES

"To all of the underclassmen joining the team next year, just keep pushing yourself and have fun," said Sean Watson.

"I always try my best and give one-hundred percent on and off the court," said Brody Naugle.

"To those just joining the team, try your hardest and never give up. To the underclassmen still playing, keep working to get better and things will fall into place," said Chad Wright.

"The coaches give us the knowledge and motivation needed to win the games," said Zachary Meggitt.

"One thing I will miss is being able to talk everybody on a daily basis, since I am at Penta during the school day," said Derek Archer.

"I will miss my teammates once I'm gone. They were always there for me and helped me out when I was down," said Kelcie Bean.

"Next year's seniors need to take control and go out with a bang! Your goals should all be to teach the underclassmen and make the program better for future teams!" said Olivia Frost.

"Coach Frost and Burris helped me become a better basketball player by encouraging me to do my best," said Emma Rister.

"This was the best year of my high school basketball career. Everyone made it a year to remember and I'll never forget taking second in the BVC," said Lacey Trumbull.

The Lady Tigers started off the season with a fresh start by having many practices and scrimmages. The ladies had hard work and determination and won their first game of the year against Otsego (57-51). The girls continued on their streak sweeping the floor with St. Wendelin, Perry, Vanlue, Pandora-Gilboa and McComb. Going up against Arlington, the girls fought hard the whole game, but sadly lost only by a few points. This didn't change anything for the girls though. They still continued to play their hearts out and beat fourteen other teams throughout their season including: Old Fort (51-33), Hopewell-Loudon (64-34), and Van Buren (61-25). Unfortunately, only a week before tournaments the girls lost to Liberty Benton (51-55), but this loss didn't stop them. The girls went after Fort Jennings and crushed them 63-18. However, the girls lost to Delphos St. Johns in a close game of 47-57. In the end, our ladies showed how much teamwork and dedication can lead to an amazing season.

PLAYERS

"I love basketball. The teammates I had this year made me love it even more. I have never been so close to a group of girls before, but what made it even more enjoyable was everyone got along," said Katelyn Weinandy.

"Our season lived up to more than my expectations. I couldn't be more proud. This is the best the girls team has done in a long time. However, our season did fall short this year. But, I am still beyond proud of my teammates," said Cassidy Hiser.

"Middle school basketball isn't that different from high school. It's just a lot faster and you play with four different grades," said Hailey Watson.

"The team this year was easily the best team I've ever played with. We were all great friends and worked together to get the job done," said Kiah Powell.

"Being on the varsity basketball team was a great experience. It was fun being part of such a successful team and I really enjoyed the support from the community," said Alivia Light.

"The best thing about playing in front of a home crowd is having a supporting crowd. We went out there and showed everyone what we could do and left our mark," said Olivia Hyatt.

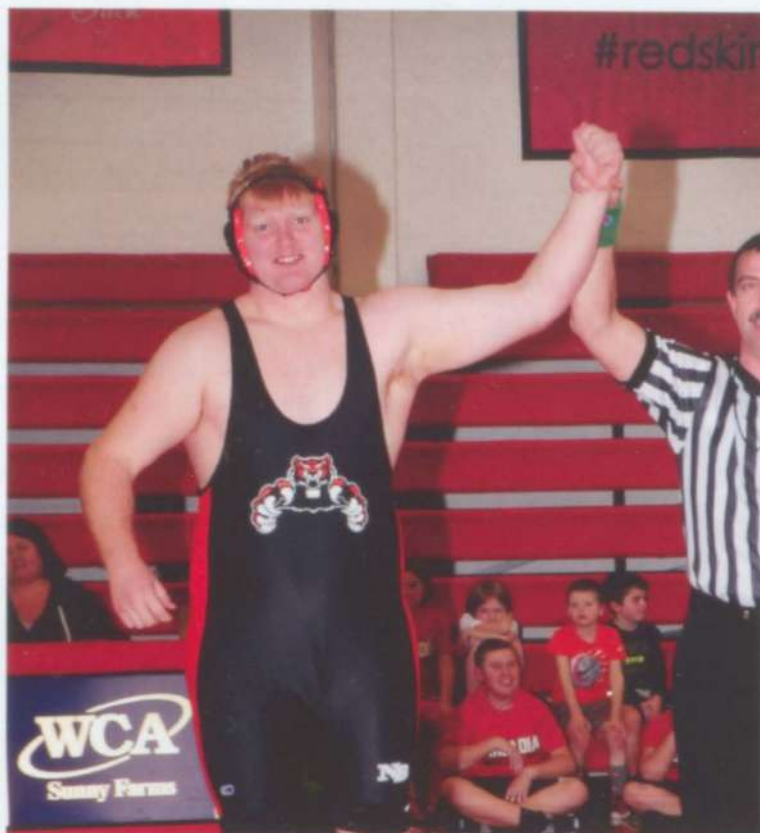

"Basketball is fun to play and it's a good feeling to know you have a team that has your back," said Kiley Brooker.

"I liked playing both JV and Varsity because I learned different things from playing with both teams," said Makayla Light.

PLAYERS

"The highlight of my season was my first match because I pinned my opponent in 21 seconds," said Jonathan Patterson.

"We are one of the most conditioned teams out there. The only thing holding us back is our skill level," said Zeth Johnson.

"The highlight of my season was winning eight matches. This was my first year wrestling and it wasn't that bad," said Brandon Biller.

SEASON

The North Baltimore wrestling team started off their season with conditioning and practices before their first match. The team gained a new coach, Luke Garner, who helped the team alongside Kyle Shackle. Since last year, the wrestling team desperately needed new members, and their wish came true gaining seven new wrestlers. With an increase in wrestlers, the boys worked as a team and proved their worth at meets and tournaments. Returning member, Levi Trout, talked about his experience with a bigger team this year, "I think my favorite part about wrestling was hanging out with the team and telling jokes." David Patterson, Kaleb Andrus and Gage Carles had an exceptional season with many pins and record times. Unfortunately, Gage Carles' season got cut short due to an injury. All of the other wrestlers did fantastic and made the Tigers proud!

"One thing that helped me throughout the season was running so I would be well conditioned and learning how to navigate moves on other wrestlers," said Levi Trout.

"The highlight of my season was getting my hand raised every time I won a match," said Cade Carter.

"Two things that definitely helped me was lifting weights at home and running to stay in shape," said Brendan Cotterman.

"My favorite part of my baseball career was when I got my first home run my freshman year, and we won the MAL tournament that same game," said Sean Watson.

"Our coach has worked with me one-on-one over the past four years and has really helped me develop my skills," said Andrew Hollinger.

"If you are an underclassmen that is playing baseball next year, my advice to you is to stay positive and find a way to stay calm during games," said Brody Naugle.

The boys certainly had a late start to their baseball season due to poor weather conditions, however, the team had a great season this year. The biggest win they had was against Van Buren, winning 9-2. Continuing on their journey the boys had their ups and downs with a record of 17-10, tying with Holgate. There are always plenty of opportunities for the boys to improve, especially with Marty Gazarek as their coach. Marty was a professional baseball player. He knows more than the team could imagine. They all did very well and each and every one of them made an accomplishment sometime throughout the season, from hitting their first double, to catching a fly ball. Tournaments came around with the team winning the first round and continued onto the second. The boys did not win sectionals, but they played a great game and only lost by one point! Great job this year!

PLAYERS

"Our coach was a professional outfielder and he taught me everything he knows, and that's why I'm as talented as I am," said Chase Naugle.

"I am the catcher, and I love it. I think it is the most exciting position in the game," said Adam Flores.

"I decided to play baseball because it would be the last sport I could play with the senior class, and also my girlfriend loves baseball," said Noah Cotterman.

"I play shortstop and second base, and they are both very fun. I love the sport and there is always a lot of passion in it," said Tyler Durfey.

"My favorite part about baseball is going out on the field when the game first starts and waiting for the first hit," said Kole Wymer.

"I decided to play baseball because it is a fun sport and I enjoy pitching very much; it's my favorite part of the game," said Owen Stewart.

PLAYERS

"The best thing about playing in front of a home crowd is when someone has a good play or hit and the fans get loud and honk the horns in their cars. If you are the person who had a good play or hit it really boosts your confidence," said Allison Kepling.

"My favorite thing about pitching is being in control of the game because when I'm doing good, it reflects on the team. My least favorite thing about pitching is if I'm doing bad and I feel bad about myself," said Jasmine McNett.

"I play softball because I have played since I was little and it has become a passion of mine. My biggest accomplishment this year was learning a completely new position and being able to play it," said Olivia Hyatt.

"The best thing about center field is that I get to be a leader on the field. I can see everything and tell my teammates where the ball is heading. It's fun because I can rob the opponents of great hits by diving for balls and keeping them in front of you and rocketing the ball where it needs to be," said Paige Hyatt.

"I pump myself up for a big game by staying calm which may be a surprising thing, but, I always tell myself it will be okay no matter what happens on the field. I've always been self-motivated and I always try my best at everything I do, believing in my abilities and remembering it's just a game," said Sierrah Johnson.

SEASON

Open gyms for softball started in mid-December, the girls worked on their batting and fielding skills throughout the frigid winter. Along with gaining new skills, the JV team gained two new coaches, Bri (Rensch) Wilson and Brandy Thomas. Head Coach Frankie Hernandez and Assistant Coach Rob Brian picked their varsity players carefully based on dedication, agility, and other criteria. The varsity team played an excellent game against "The Team Down South" run ruling them with a score of 11-0. The JV team had a tough beginning in their game against Patrick Henry. They were down by 14 and came back in the end scoring 14 more runs winning the game with a score of 19-15. Both teams ended their seasons with winning records: JV 6-5, Varsity 10-1 (BVC) 13-9 (League). To top off a great season, varsity ended their season by bringing home a BVC Championship win. What a great season for both teams!

"My favorite memory from the season was scoring 14 runs in one inning and as well as getting the run rule called. It was very memorable for my teammates and myself," said Makayla Light.

"My favorite game we played this year was against Patrick Henry. We started off playing like we didn't want to be there, then came back and won in the last few innings as a team," said Britney Biller.

"My favorite position to play is shortstop because you get to be the 'boss' of the field, you get the most action, and you get your teammates to talk. If I didn't like the position, I wouldn't play it," said Katelyn Weinandy.

"My favorite softball memories are when I pitched a no hitter and when I hit my first homerun over the fence," said Kelcie Bean.

"I think the best thing about playing in front of a crowd is that everyone gets to see your big hits and you get a little extra support while you're at the plate which gives you so much confidence," said Emily Gerdeman.

"I'm going to miss seeing all of my teammates every day, and getting to play in general. I've enjoyed these past four years of softball and it's been an honor to play as a Lady Tiger," said Cheyenne Hernandez.

"Dedication and determination makes a good softball player, you have to devote your time to be good at it," said Morgan Rose.

"I am going to miss the friendships I've gained and the lessons I've learned throughout the past four years. I've made some memories that I'll never forget," said Morgan Sams.

SEASON

The season started in the spring with back to back conditioning. All three coaches from last year were back and ready to get the new team in shape. Once the official season started, members increased their training and worked to get better outside of practice. When it came to the first meet at Seneca East the team struggled, but they didn't give up. The track team trained and worked harder to achieve their goal to win. At the next home track meet, the team took first and all the hard work had finally paid off. BVC's were a struggle for both teams with the girls only getting 8.5 points to take 12th place and the boys getting 20.5 points to take 11th place. Only two girls and one boy advanced to Regionals, Jordan Bucher, Megan Emsberger, and Brandon Lanning. What a great season for both teams!

"The most stressful moment I had to face this season was being in the 4x4. I am usually a 800 runner which isn't a sprint where as a 400 is," said Katie Leady.

"Always watching my brother run track when I was younger was what made me decide to be apart of the track team, and I'm glad I decided to run track throughout high school," said Megan Emsberger.

"The most stressful moment I had in track was at districts my sophomore year, because I wanted to make it to regionals so bad. It was a neck and neck competition and very intense," said Kenzie Carles.

"The first half of my season wasn't what I hoped it would be, but as the season went on, I started to progress," said Zach Meggitt.

"Before every race I always stretch, prayed, and got a good mindset. Track was stressful, but I really worked hard to get the times I wanted," said Cody Gerdeman.

"My biggest challenge I had to face was competing against people that are better than me. I know when I throw I need to try my hardest and do my best," said Daniel Crouse.

"I was very satisfied with how my track season went this year, and I'm excited to continue my running career at Bluffton University," said Tyler Stimmel.

"My first and last year of track was an experience I won't forget. My only regret is that I didn't participate all four years," said Hank Matthes.

"Track this year was great! I had so much fun running with my teammates and we bonded really well. I will definitely miss them next year," said Leah Hetrick.
